

400 DELEGATES SCENE OF GREAT NAVAL PARADE AT HUDSON-FULTON CELEBRATION IN NEW YORK; THE HALF MOON AND CLERMONT RECEIVED BY COMMITTEE IN PRESENCE OF FLEET

Independent Companions of Forest Organized

WORCESTER, Sept. 27.—Four hundred delegates representing 50 circles met here last night and formed an organization known as the Independent Companions of the Forest. Of the circles represented, 13 were preceding members of the Companions of the Forest of America, the Ladies' Auxiliary of the Foresters. The new organization is the result of the trouble arising over the disposition as chair of the Massachusetts branch of Miss Josephine L. Mahoney of Boston at the national convention in Atlantic City last month. Pending another meeting to be held in Boston soon, at which a complete board of officers will be elected, Miss Mahoney, C. Lysaght of Milton, was elected secretary and William P. Shaw of Boston treasurer.

MAYOR COUGHLIN

Seeks the Nomination for Governor

FALL RIVER, Sept. 27.—Mayor John T. Coughlin, who has been in the city of he was elected to the position of nomination for governor in 1910. This statement of his purpose was made when I declared my purpose to run again to be a candidate. My name will be presented before the next convention of the Independent Companions of the Forest, by the name of the candidate. I wish to be elected to the position of nomination for governor in 1910. I wish to be elected to the position of nomination for governor in 1910. I wish to be elected to the position of nomination for governor in 1910.

STRUCK BY AUTO

Man is in a Serious Condition

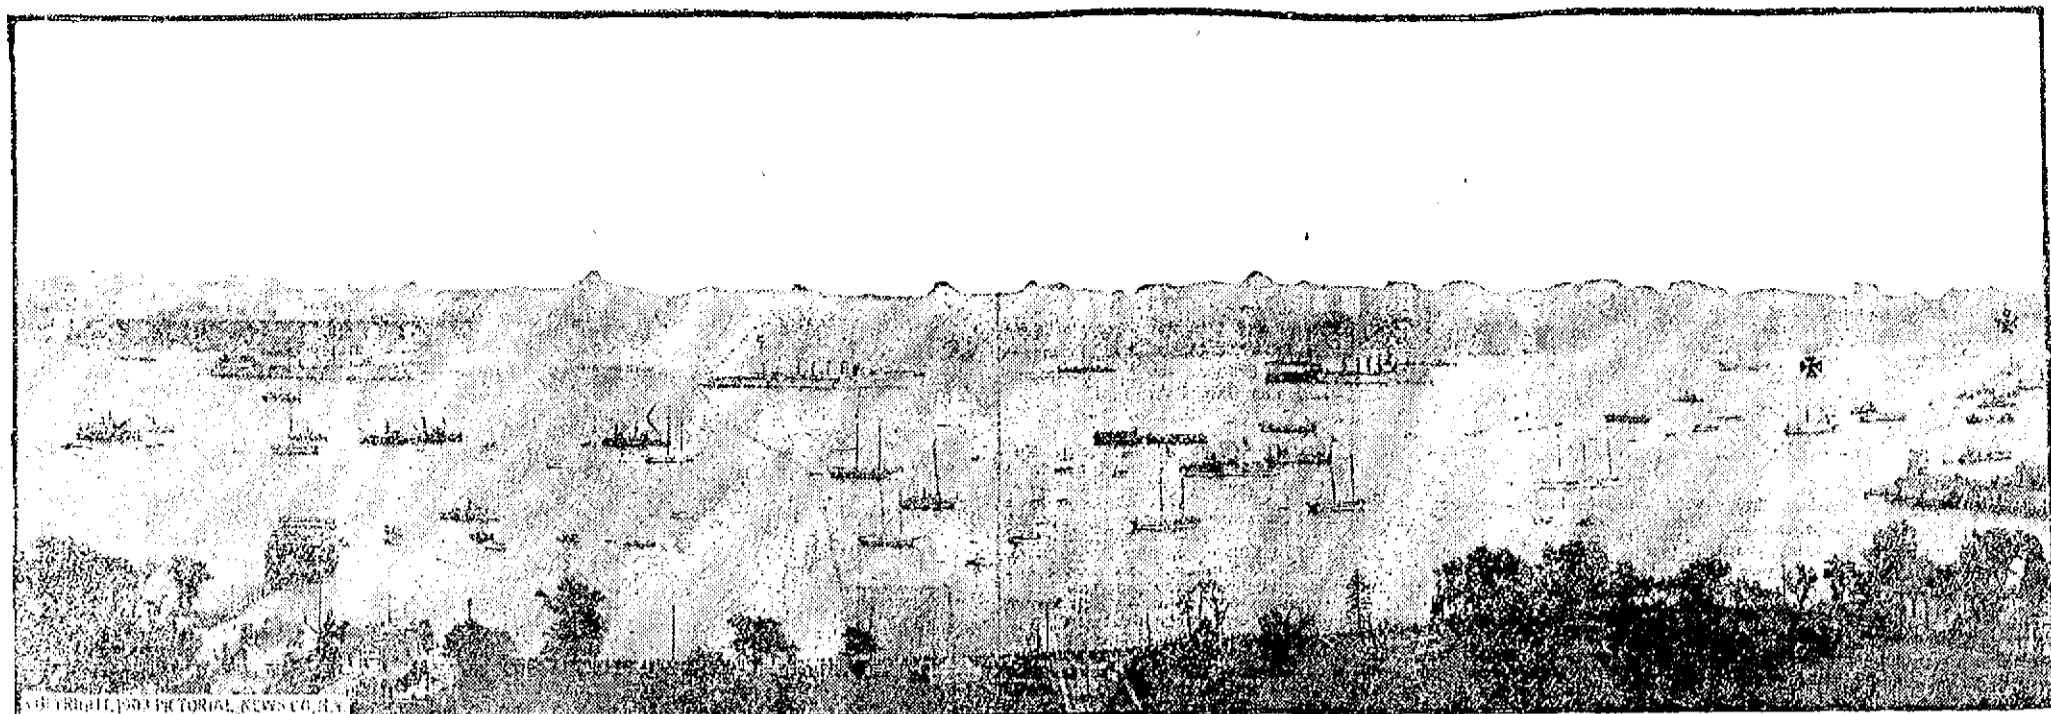

BOSTON, September 27.—As a result of being knocked down by an automobile owned and piloted by Harry B. Burley of 288 Newton street, Brooklyn, on Centre street, opposite Sheridan street, Jamaica Plain, last evening, Matthew J. Donahue, 74 years old, single and living with his sister, Mrs. Michael W. Fitzsimmons of 16 Sheridan street, lies in the city hospital with a fracture of the left foot, probable fracture of most of the right ribs, contusions of the head and severe shock.

Mr. Burley was operating his automobile, numbered 10925, and was proceeding along Centre street, Jamaica Plain, and was about to make the turn into Perkins street when the accident happened. Mr. Donahue had been a few minutes before left his home on Sheridan street to attend the mens mission being held at the Church of the Blessed Sacrament on Centre street. He was proceeding on the crosswalk to the north side of Centre street and had almost reached the sidewalk when the automobile struck him, threw him down and dragged him a short distance.

DUTCH STEAMER

Expected to be Total Loss

JACKSONVILLE, Fla., Sept. 27.—With the seas still running so high that it has been impossible for tug boats to get into the river, the Dutch steamer Zeeland has been on the south side of the entrance of the St. Johns river, 25 miles from this city, with Captain Von Rosen and his crew of 25 men, laboring with the means, trying to save a portion of her cargo of fertilizer materials. The ship probably will be a total loss.

NEW YORK, Sept. 27.—The naval parade that began past ten miles of Hudson's waterway last night, the head of the parade from New York bay, with the Half Moon and Clermont near the head of the line, such a salute was roared out as has probably never been heard on the planet. It was the royal greeting of twenty-one guns, boomed

lives of Holland were stationed to accept the replicas of the two quaint old ships in whose honor the celebration is held. As the procession passed up the Hudson from New York bay, with the Half Moon and Clermont near the head of the line, such a salute was roared out as has probably never been heard on the planet. It was the royal greeting of twenty-one guns, boomed

successively from each war vessel. In the long line, American, English, German, French, Mexican, South American, or what not, these guns roared in honor of the discoverer of the Hudson river and the inventor of the steamboat. It is estimated that there were 1400 cannons in all. It was 10 o'clock on the morning of Saturday, Sept. 25, when the procession began

to form along the Jersey and Staten Island shores, 1.15 when it started its slow and stately way up the river and a clock in the afternoon before it had reached the end of the battleship line at the northern end of Manhattan Island and doubled back as far as One Hundred and Tenth street. Here the ceremonies were simple, but impressive, the thunder of guns equalling a

score of sea battles massed into one. The weather was ideal. Clear, cool and pleasant, it could not have been more nearly perfect if made to order in addition to the 4,600,000 or 5,000,000 of New York's population. It is believed that fully a million visitors were present, and all these lined the shores of the noble river, making a solid mass of banked humanity extending almost from the battery to Spuyten Duyvil, a distance of approximately fifteen miles.

BIG DEMONSTRATION

Manchester's Welcome to Capt. Edward O'Meagher Condon

MANCHESTER, Eng., Sept. 27.—Six thousand people packed Free Trade hall yesterday to welcome Capt. Edward O'Meagher Condon, whose entrance led to a demonstration lasting several minutes. Thousands were on adjoining streets unable to gain admission.

John O'Donoghue and John Dillon accompanied Mr. Condon and also spoke, receiving enthusiastic greetings. Addressing the assembly, Mr. Condon said: "An interesting feature was the meeting of Mr. Condon and Chief Constable Patrick of Manchester, who warmly shook the old Fenian's hand."

No such demonstration has been witnessed here for 25 years. The Irish population was wild with enthusiasm. Mr. Condon and his companions arrived in the city in company with the local committee, visited the scene of the Fenian 12 years ago in Hyde Park, and then Mr. Condon, addressing the spot where the Fenian war was held up. The scene was through which Kelly and

fully 50,000 people welcomed Mr. Condon to the city last evening. He was accompanied by Mr. Dillon and several other members of parliament and Mr. O'Donoghue. The party was cheered almost continuously along the two-mile route of the parade from Exchange station to the hotel.

The massed thousands were addressed briefly during numerous stops by Messrs. Condon, O'Donoghue, Dillon and Constable Patrick, the chairman of the local committee of arrangements. It was a tremendous demonstration marking an intense outburst of popular feeling on the part of the Irish of Manchester.

The police authorities provided an escort of 200 men to keep the route of the parade clear and all car traffic was stopped during the demonstration. Chairman Boyle had jokingly called the attention of the police chief to the fact that Capt. Condon had been provided with a police escort when he left Manchester the last time and that it was only fair a similar honor should mark his return.

ARMY OFFICERS

In a Three Days' Ride Test

BURLINGTON, Vt., Sept. 27.—A score of army officers attached to the department of the east from stations in New York and New England participated today in the first of a three days test ride. Col. Walter Howe, com-

A SLIGHT SHOCK

Felt by the People of St. Louis

ST. LOUIS, Mo., Sept. 27.—Many people in the west end of St. Louis were awakened at 3.37 this morning by a slight earthquake. The shock which had a rotary motion, was hardly discernible in the downtown districts but was more distinct in the West End.

Reports of the quake were received from all stations along the Mobile and Ohio as far south as Cairo, Ill. No damage has been reported from any point.

TOOK LONG TIME

For the Government to Settle \$3.65 Debt

FORT COLLINS, Colo., Sept. 27.—Forty-four years have elapsed since Fred Berg, a private in company A of the 25th regiment, Wisconsin, was discharged from military service by reason of the close of the civil war, and it has taken the auditor of the treasury department at Washington all that time to find out that the government still owed Berg \$3.65. The other day he received a regular draft for that amount.

The statement accompanying the draft shows that Uncle Sam short-changed Berg on pay day in October, 1862 and September, 1865, and owed him on clothing account a small sum, the total amounting to \$3.65. Berg will treasure this draft as a souvenir of Uncle Sam's backward way of doing business.

SHE FOUND \$8000

Girl Picked it up at Cistern

SHARON, Pa., Sept. 27.—Reports from New Wilmington, the seat of Westminster college, tell of the finding of \$8000 on the farm formerly owned by Baxter Buchanan, wealthy bachelor, who died some months ago. The farm was recently sold. The daughter of William said, who now owns it, was playing around an abandoned cistern when she discovered the money.

The amount was entirely in currency and lay at the bottom of the dry cistern. It is reported that during the financial panic of 1897 and 1898 Buchanan drew his deposit from the New Wilmington Savings Bank, and at the time of his death, which was sudden, no trace of the money could be found.

One thing of the money is certain, coming from among the New Wilmington people as to who is entitled to it, Mr. Buchanan leaving no will and no immediate relatives.

AUTO WAS UPSET

Excitement Caused in Police Circles

NEW YORK, Sept. 27.—A fire automobile, which had been chartered by Admiral Von Koller of the German navy, and which was on its way early to day and crowded with a number of sailors and women who had crowded into it, overturned yesterday afternoon in the police circles because the chauffeur, who was arrested, insisted that he had the machine out under the admiral's orders.

HARRY WHITNEY

Says Peary Forced Him to Leave Cook's Records Behind

NEW YORK, Sept. 27.—Commander Robert E. Peary refused absolutely to allow any of the records or instruments of Dr. Frederic A. Cook to be brought aboard the steamer Roosevelt and was thus instrumental in causing these records to remain in a cache at Etah, Greenland, according to Harry Whitney, the New Haven sportsman, in a dispatch received in this city by Dr. Cook yesterday. The message which came as a response to one sent by Dr. Cook, is as follows:

"Stratford, via Indian Harbor and Cape Ray, N. E., Sept. 25.
"Dr. Frederic A. Cook.
"Walcott, New York.
"Started for home on Roosevelt. Nothing arrived for me. Peary would allow nothing belonging to you on board. Said to leave everything in cache in Etah.
"Met Captain Sam, North Star. Did not go back after going schooner bound St. Johns. Took steamer home. Hope you well. See you soon. Explain all. Good shooting.
"Harry Whitney."

Dr. Cook was questioned yesterday as to his view of the situation created by the action ascribed to Commander Peary, but he declined to say anything derogatory of his rival.

"It may be that the instruments will arrive this year," after all," he said, "and as for the records and observations their non-arrival here makes no difference whatever, as I have complete duplicates, so that there will be no delay in compiling my story with all its details."

Dr. Cook did not appear to be greatly perturbed by the action he received from Mr. Whitney. He hopes to see him in a very short time and to hear a complete explanation of the occurrences at Etah.

Dr. Cook denied the report that he was to bring suit for slander against Peary.

"I don't wish," continued Dr. Cook, "to think that Mr. Whitney knew what he had in his possession. It would be very difficult for me to say what effects the occurrence will have. The records of the records and instruments will, however, not affect the ultimate result of the case. But it would be very desirable to have the instruments here, that is certain."

"Mr. Whitney certainly knew that the effects left with him were important. He was compelled to tell Mr. Peary that he had my things with him. He is supposed to suppress such information."

"I had not spoken to Mr. Whitney of any estrangement between Mr. Peary and myself. He had believed that a ship would come for him from the American side and the things would go along with it."

"The finding of the instruments may cause delay in sending any records to Copenhagen, but will not affect the people who are to make the final investigation."

"There were a few originals among the documents left with Mr. Whitney, but it will not make any difference if they are never found again. Mr. Whitney really does not know what there is or what there is not among them."

"The instruments are not lost. The Eskimos know where they are. They will be looked after. Mr. Whitney has said he would except that they were at Etah."

"As to the question of proof, that is the same, whether the observations are made by one person or by five or more. I am sure Peary had no means of getting any news of me since the middle of April, but he knew that I had gone south."

"My instruments were packed separately in several boxes and these were put into a packing case. They could not be injured by falls or rough handling."

"Regarding the possibility that a man could go within two or three hundred miles of the pole and think he had got there, I leave that to the scientists."

"When Mr. Whitney met me on my arrival at Etah, the first thing he said was: 'Well, I have been here in a big way!'"

"It is impossible to send anyone to Etah to fetch the instruments and records at this time of the year, as navigation is closed and if it were open a ship would take four or five weeks to get there."

"Mr. Whitney has said all he needs to say on the subject of my expedition. The remark that has been made that I copied Peary's stories is nonsensical. He has used the exact prototype of the Eskimo stories. I never copied anything. I have not seen him for over two years, so I could not have copied his ideas."

"I have entered into no arrangement to meet Mr. Peary at any time."

COMMANDER PEARY SAYS HE HAS EVIDENCE TO DIS- CREDIT COOK

PORTLAND, Me., Sept. 27.—It was learned from a source close to Com-

mander Peary that he had obtained new information which would show that the instruments of Dr. Frederic A. Cook were not brought aboard the steamer Roosevelt and that the records of his expedition were not brought back to the United States.

It is stated that Commander Peary has obtained evidence which would show that the instruments of Dr. Cook were not brought aboard the steamer Roosevelt and that the records of his expedition were not brought back to the United States.

ARE CHAMPIONS

Y. M. C. A. Wins Title in Great Game

At Washington park yesterday afternoon, before a large attendance, the Y. M. C. A. team defeated the M. C. team by a score of 10 to 3. The game was the second of a series of three to settle the championship of the city and all both teams played very hard. The Y. M. C. A. boys, they are now the recognized champions of Lowell.

GREAT HUMANE WORK

Done at State Hospital for Poor in Tewksbury

Tuberculosis Hospital in North Reading May Relieve Congestion at State Hospital—A few Facts Concerning the Institution

CLARK

Will the tuberculosis hospital, opened under the auspices of the state at North Reading, yesterday, relieve the great call made upon the state hospital at Tewksbury?

This question was asked Dr. Nichols of the state hospital by a reporter for The Sun Saturday. "That remains to be seen," said the doctor. "I have been turning that very question over in my mind and it seems to me as if the North Reading hospital would help out here very materially. We are really not able to accommodate as many as we would like in our tuberculosis hospital."

At the present time there are about 217 patients in the male tuberculosis ward and 11 in the female tuberculosis ward. We expect that before the winter sets in we will be in a position to accommodate a greater number in both wards."

Both the male and female tuberculosis wards are far removed from the main buildings and are very beautifully located, especially the men's ward, in a pine grove. The hospital as a whole is more than 700 acres of land splendidly located on rolling ground.

A Great Hospital The state hospital at Tewksbury is better known as the Tewksbury almshouse, but it is not an almshouse in the strict sense of the word. It is fundamentally a great hospital, in which are skilled physicians, surgeons and nurses, and the inmates of which are such because they require medical attendance and care.

There are upwards of 1200 inmates in the various departments of the institution. This includes about 700 patients in various stages of insanity or dementia. These are regarded as "permanent patients." Many of these are only slightly affected mentally and do much of the work about the place. There are more inmates in the winter than in the summer. Last winter there were 2400 inmates in the whole institution at one time.

The Maternity Ward One sad but interesting feature of the institution is the maternity ward. Asked today how many children were born there annually, Dr. Nichols said there were over 300 born last year. The maternity ward is usually about a month after the children are born and if they are not able or willing to care for the children the state assumes control of them. But statistics show that less than three per cent of these unfortunate women are willing to give up their babies to the state.

representatives from Fall River, Providence, Worcester and states as far distant as Texas. The affair which started as an experiment four years ago met with instant success, doubling yearly in importance. Last year the out-of-town contestants contributed to a bronze tablet which will be presented to the state by the Legislature. Among the widely known men who will see Wednesday are ex-Governor John W. Briggs of New Jersey, Frederick A. Chase of Providence, Spencer Borden, Fall River; Robert G. Shaw, Boston; former Judge Morgan J. O'Brien, New York; Judge Henry H. Henshaw, New York; General Abner Ames of Lowell, Alexander Morton of New York, R. L. and B. H. Thomas, president of the New York stock exchange.

LOUISVILLE WON CAPTURED PENNANT IN THE AMERICAN ASSOCIATION

MILWAUKEE, Sept. 27.—The American association baseball season closed yesterday after a close contest, with Louisville, the pennant winner and Milwaukee in second place.

PERSONALS Mrs. Ethel Ragner Canner, formerly of this city, had the distinction of singing at the reception of Commodore Peary at Sydney, C. S. One of her numbers was "Stars and Stripes."

Mr. and Mrs. James Charles have returned to their home, No. 265 Pleasant street, after a honeymoon trip to Edinburgh, Scotland, the home of Mrs. Charles. They visited many of the more celebrated points in Bony Scotland and enjoyed the trip immensely.

Cards have been issued for the marriage of Miss Juliette Hunter, daughter of Dr. and Mrs. Leonard Hunter of this city, to Mr. Leonard Dwyer, of St. John's Episcopal church on the afternoon of October 14th.

Mrs. Henry L. Thibbets and family and Mr. and Mrs. William T. Shepard have returned to this city after a most delightful tour of three months in Europe. The party left Liverpool about five o'clock on the afternoon of September 18, and arrived yesterday morning in New York. The tour, making the trip in four days, 15 hours and 42 minutes. The countries visited by the party included Ireland, England, Italy, Austria, Germany and Belgium. An interesting feature of the trip was an 18 days' trip by automobile through England, Scotland and Wales.

MISSIONARY WORKER DEAD BOSTON, Sept. 27.—Mrs. Harriet E. Carpenter, for many years a missionary worker in Korea and Japan, and widow of Rev. Chapin H. Carpenter, died at her home in Newton yesterday. She was born in Newton, graduated from Lowell seminary, and was for three years preceptress of Cady academy at Newton, N. H.

She accompanied her husband to Korea and worked among the Koreans, establishing a school for girls. The clergyman, growing unwell, she went to Japan, where she remained up to three years ago. Her husband died in 1885.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The week's daily average circulation of The Lowell Sun for the year 1908 was

15,956

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilote, pressman, of The Sun, before me, January 1, 1909. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

THE END OF THE WORLD POSTPONED.

The people who waited the millennial at Danbury will have to return to their homes and resume their occupations in spite of the fact that they parted with most of their worldly goods in the firm belief that they had arrived at the end of the world. It is alleged that all this idea of the world coming to a sudden end was a dream, which a woman related as having been a vision or a direct revelation from on high. The people who were misled by such nonsense are the victims of hysterical and irresponsible religious claims, and it is a pity to say what is the more culpable, the delusion of their gullible followers, who accept so readily the statement of their leaders as to the early coming of the millennium and the destruction of the globe.

THE GREAT NEW YORK CELEBRATION.

The Hudson-Fulton celebration, opened Saturday in New York, will be one of the grandest and most spectacular the world has ever seen. This is not at all strange for the reason that all the more modern applications of electricity, all the latest productions of human skill in battleships and in other steam navigation craft will appear in grand array. These will appear in striking contrast with the "Clement," the first steamer that ever plowed the waters of the Hudson from New York to Albany. But in greater contrast still will appear the flying machines, to make their experimental flights in the air just as the "Clement" made a trial trip up the Hudson a hundred years ago. What progress the flying machines will have made a hundred years hence may be judged in a comparative way from the relative status of the "Clement" of old and the "Dreadnought" and the "Lusitania" of the present day. It may be that another century will find millions and millions yet unexplored through the air, and the "Clement" of the eagle and the "Dreadnought" of the steamship on the steamship of the railroad and the flying machine. Then it will not be the "Clement" or the "Dreadnought" but the Wright brothers, Glen Curtiss and other pioneers in the navigation of the air.

The present celebration will be witnessed by more millions than was anything of the kind heretofore held in this country.

CAPTAIN CONDON'S VISIT TO IRELAND.

Captain Edward O'Meara Condon and Secretary O'Callaghan of the United Irish League are getting grand ovations in Ireland. Condon, it will be remembered, was sentenced to death in connection with the Manchester, England, rescue and would have been executed with Allen Larkin and O'Brien but for the fact that he was an American citizen. After eleven years' imprisonment he was let out on parole on condition that he would not return to Ireland ending the term for which he was sentenced. Captain Condon was an architect by profession and after some years spent in this country he secured a position in connection with the treasury department. What is remarkable about his present visit to Ireland is that he returns after 12 years' absence. As a friend he was an ardent and practical advocate of physical force as a means of redressing Ireland's wrongs. He goes back an ardent and practical advocate of constitutional methods. Whenever he has spoken in Ireland he has counselled the people to stand by the Irish party and its leaders and have secured so much from the government for the betterment of the people, for the improvement of education and the peace, for the improvement of the country. He admits that at the present time anything in the nature of insurrection would be silly and would be a waste of what has been accomplished since the days of Parnell. A great deal of good will among all classes in Ireland he has been working for, mainly by the city of Belfast in the north, by the city of Dublin in the south. His presence and his speeches, together with those of Mr. O'Callaghan, will have had a marked effect upon the people and it is a notable fact that not in their greatest hour of enthusiasm has there been the slightest disturbance or appearance of disorder.

THE RECALL A FAILURE.

Ex-Mayor Thomas of Haverhill is opposed to the recall provision of the charter, which is to be put to a vote at the polls. In his case it has certainly been a failure, because he had to secure the necessary number of names to have the recall provision put to a vote. He had succeeded in securing the required number of signatures, but he had not secured a special election by which the voters would have been asked to vote whether the present mayor should be recalled or not. The recall provision of the charter, if adopted, would have been a failure, because it would have been a failure to recall the mayor.

It is a fact that the recall provision of the charter, if adopted, would have been a failure, because it would have been a failure to recall the mayor. The recall provision of the charter, if adopted, would have been a failure, because it would have been a failure to recall the mayor.

The recall provision of the charter, if adopted, would have been a failure, because it would have been a failure to recall the mayor. The recall provision of the charter, if adopted, would have been a failure, because it would have been a failure to recall the mayor.

SEEN AND HEARD

When a policeman has made his last arrest, he has to go to the newspaper to get a story. The next day a great deal of interest.

Some men spend much time making sure that they are right, that they die before they have a chance to get a story.

Perhaps the fact that the police are so busy with their work, that they have no time to get a story, is a pity.

It is a pity that the police are so busy with their work, that they have no time to get a story.

ATHLETIC MEET OTTO T. BANNARD, REPUBLICAN

At Spalding Park Proved Quite Successful

The championship athletic meet held Saturday at Spalding park under the auspices of the Irish American Athletic club, proved to be a grand success and despite the threatening weather there was a good sized attendance and those who were present were well satisfied with the program carried out.

While it was stated that Tom Sharkey, the well known ex-heavyweight pugilist, would be present, Tom sent his regrets at the last moment starting in a telegram that when he made the arrangements to come to Lowell that he had not thought of the Hudson-Fulton celebration which is now being held in New York.

There was a good list of entries and the events pulled off were in the main well contested. The majority of the events with the winners were published in Saturday's issue of The Sun.

INSERT FIELD DAY
The half mile race between teams representing the Catholic Young Men's League and the Young Men's Christian association was won by the latter team. The Y. M. C. A. runners were A. Thompson, P. Knight, W. Croft, and A. Atkinson, while the C. Y. M. L. was represented by D. Maloney, W. Cristy, P. Pauquette and P. Noonan. The first runner for the Y. M. C. A. gained such an advantage on his opponent that the big lead could not be pulled down by the other runners.

One of the features of the day was the five mile event in which 14 men were entered. G. Lebris of this city took the lead at the start and held it for more than half the distance, having at one time nearly a lap on his opponents, but he ran too fast at the first part of the race and got winded towards the latter part and had to drop back and finished outside the prizes. J. H. Ensworth of Lynn was first with R. Lane of the Lowell Y. M. C. A. second and J. Carr of the G. M. I. Cadets was third, and L. Flory of the C. Y. M. L. finished fourth. The time was 20 minutes and 45 seconds.

Thomas A. O'Brien of this city, who was entered as the representative of the Boston college preparatory school, had a walkover in the pole vault. He cleared the bar at 8 feet 10 inches. Walter Farrell of Lowell was second with James Mullin of the C. Y. M. L. third.

While the five mile race was in progress Freddie Maguire and Tom McKenna of this city went three furlongs in the ring. Prof. Martin Flaherty acting as referee, of ceremonies. The rounds were of two minutes duration each and the youngsters put up a first battle. No decision was given.

Kid Lombardi and James Moriarty, two local wrestlers, enticed the wrestling fans for fifteen minutes, the match finally being awarded to Moriarty, who had scored one fall.

The success of the affair was due to the efforts of the following committee and officials:

Committee—M. Roarke, chairman; W. Smith, J. P. Wood, John Roarke, P. Deamond and W. Keegan.

Officials—Starter, Matt J. McCann; clerk of course, C. Seafie; scorer, J. W. Thayer.

Judges at finish—A. Fadden, A. Smith and A. Allard.

Field judges—H. Achin, W. King, J. McElroy and John Bradley.

Announcer—A. G. Cheney.

FIRED AT RIVAL

De Angelis Was Jealous of Pietro Gilardo

PROVIDENCE, Sept. 27.—Enrico De Angelis, 25 years of age, inflamed by jealousy, attempted to kill his rival, Pietro Gilardo, on Thursday afternoon. Gilardo was soon as they were on the street De Angelis fired at but did not hit his rival. Then he started to run away, when Gilardo followed, intending to cause De Angelis' arrest.

The latter threatened to stab Gilardo if he followed, it is alleged, but before the women could be used Patriman William Keegan, who heard the revolver shot, came up on the run. De Angelis fired, followed by the officer, who fired two shots at the fugitive, who was soon captured. De Angelis threw away his revolver, but in his possession was found a big stiletto.

De Angelis went to the house yesterday afternoon and finding his rival there pulled a revolver and fired at him from the house. As soon as they were on the street De Angelis fired at but did not hit his rival. Then he started to run away, when Gilardo followed, intending to cause De Angelis' arrest.

The latter threatened to stab Gilardo if he followed, it is alleged, but before the women could be used Patriman William Keegan, who heard the revolver shot, came up on the run. De Angelis fired, followed by the officer, who fired two shots at the fugitive, who was soon captured. De Angelis threw away his revolver, but in his possession was found a big stiletto.

To the Citizens

Of Lowell, A. W. Dows & Co., druggists, have in their possession what can be honestly termed a Godsend to Humanity, and they will prove it if given the opportunity. Go to their store if you are troubled with Rheumatism, in any form, Eczema or Salt Rheum. Buy a bottle of Gilhooly's Irish Liniment, follow directions as found on the bottle and you will get relief. Go to your entire satisfaction, go back to A. W. Dows & Co., tell them so, and they will on your word pay the amount of money you paid them. Besides the ailments mentioned, please see the little book about a burn or scald. It will remove soreness and stop irritation, pain instantly.

This leaves the matter entirely in your hands.

GOOD ENOUGH FOR ANYBODY

W. A. Lew has been 25 years in the shoe store, cleaning, pressing and doing all kinds of ladies' and men's clothing. All orders promptly attended to.

49 JOHN STREET
W. A. LEW, Proprietor.

Will Paper Your Room for \$2.00

We will paper your room, furnish the paper and border to match, and have the same in a first class manner for \$2.00. Inside the outside painting, wallpapering, etc. will cheerfully give an estimate on any work you intend to have done.

OTTO T. BANNARD, REPUBLICAN

NOMINEE FOR MAYOR OF NEW YORK

NEW YORK, Sept. 27.—Otto T. Bannard, the republican nominee for mayor of New York, is one of the most prominent trust company men in the metropolis. Besides being president of the New York Trust company, he is a director in about a dozen other financial concerns, including the Provident Loan society of New York, of which he is president and trustee. This is known as the "millionaire pawnshop." He was born in Brooklyn

BLACK HAND PLOT

Agawam Boys Failed to Carry it Out

AGAWAM, Sept. 27.—Henry Klein, a wealthy resident of Agawam, aged 20, and his brother, Arthur, aged 19, were arrested yesterday by John E. Hickey, chief of the New England detective bureau, and an assistant, following the sending to small bills, that it be placed in a tin

box and put under the platform of an ice house near Mr. Porter's farm. Both letters were mailed in Springfield and bore the signature, "Sacred Band of the Shadow of Death."

The first letter was given to the Agawam police, but they were unable to learn the identity of the author. Upon receipt of the second letter dated Sept. 22, Mr. Hickey was employed in capturing the Black Handers. A tin box filled with paper and a \$2 bill was placed under the platform Saturday night at 1:30 o'clock and the boys were in wait for the appearance of the writers of the letters.

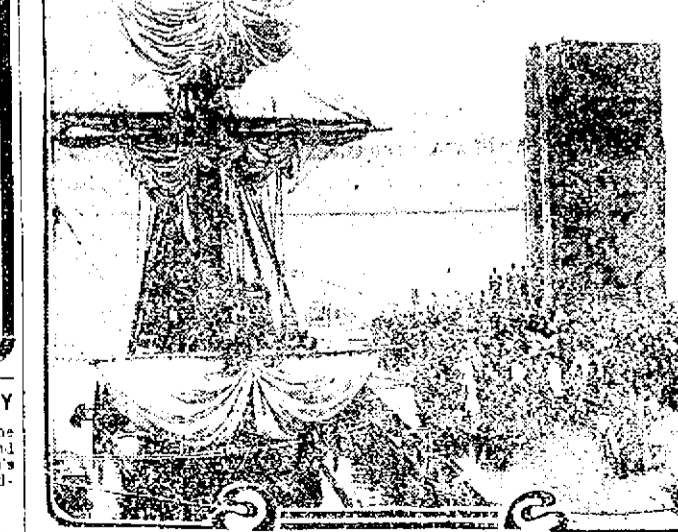

It was not until 10:10 o'clock yesterday morning that the detectives approached the place and crawled beneath the platform. Henry Kimball, coming out with the box in his hand, the two private detectives who were watching from some bushes, ran to the platform. Upon sight of the two men the boys ran in opposite directions with the detectives in pursuit. Henry was caught by Detective Hickey after a chase of a quarter of a mile, but Arthur escaped his pursuers in the woods.

Henry was taken to the Springfield police station, where he confessed to sending the letters, saying that it was only a joke. He said he lived at 22 Worthington street, Springfield, but refused to tell the name of his partner. He said he came from north in New York four months ago, and had since been employed in the Middlesex paper mill.

The two detectives went to the address given by him and learned that the house early yesterday morning they waited outside until 5 o'clock in the evening, when Arthur Kimball made his appearance and was arrested, and also confessed to being implicated in the sending of the letters. He had run through the Agawam woods and made

NIGHT EDITION

TWELVE PERISHED

Vessel Shipwrecked and Only
Six of Crew Saved

BALTIMORE, Sept. 27.—Six survivors out of a crew of 18 are aboard Winter Quarter lightship, the remaining twelve men having perished, according to a report made by Captain Delano of the steamer Porto Rico which arrived here today from New York.

Captain Delano stated that as the Porto Rico was passing Winter Quarter lightship yesterday morning a signal was seen flying from the lightship. A heavy northeast gale prevailed. He ordered his ship to run close to the light station, and when as near as consistent with safety, because of the nature of the weather, an attempt was made to communicate by megaphone. It was difficult work with the wind whistling about the superstructure of the ships but enough was learned by those on the Porto Rico for them to realize that a ship had foundered. An effort was made to learn the name of the vessel but the answer could not be made out.

The captain of the lightship said that there were six survivors from the ill-fated ship aboard his vessel and asked that they be taken off if possible. Captain Delano decided that it would be tempting death again to try to make the transfer under the weather conditions prevailing.

Those on the lightship were apparently satisfied to await better weather and another passing ship. Information was given that twelve persons had been drowned and no attempt was made to secure names.

Those on the Porto Rico said that they could see a small boat hanging to the rear of the lightship. It is believed that the men saved made their way to safety in this small boat. Whether the ship was lost in sight of the lightship or farther out to sea is not known but because of weather conditions it is not thought that the small boat which brought the survivors could have come any great distance.

CREW OF NORWEGIAN STEAMER

NEW YORK, Sept. 27.—The succored crew now on board the Winter Quarter school lightship is that of a Norwegian steamer which foundered nine miles east-northeast of the lightship at noon yesterday according to the officers of the steamer Chesapeake which arrived today from Baltimore. Signals from the lightship told the story of the disaster as the Chesapeake was passing but the name of the lost steamer could not be read. According to the signals eight of the crew were lost and several taken on board the lightship.

GIRLS ON STRIKE TWO GOVERNORS

Their Grievance Relates
to Wage Question

At Dedication of the
Palisades

Five girls employed in the drawing department of the Muskeget mill in Howe street, went out on strike this morning. Their grievance is in relation to wages.

NEW YORK, Sept. 27.—The governors of New York and New Jersey, officers of the Hudson-Fulton celebration and others connected participated today in the dedication of the Palisades Interstate park which stretches for 14 miles on the west side of the Hudson opposite New York city and Tonawanda. The exercises occurred at the old Cornwall headquarters at Alpine landing which is about the center of the park. About 400 guests occupied a stand when Lord Cornwallis stopped in 1779 when he captured Fort Lee a few miles down the river from the Continental troops. George W. Perkins, president of the New York commission first read the report of that body.

Gov. Hughes accepted the park on behalf of New York. Gen. Stewart Woodford, president of the Hudson-Fulton commission delivered an address to the park as a permanent memorial of the discovery of the Hudson.

A flag raising and a salute by the American warships anchored in the river closed the exercises.

NEW YORK, Sept. 27.—Headquarters detectives met the steamship Celtic at quarantine yesterday morning and took off three young men from London for the larceny of \$125 from a silk house. The others came over with him on the stolen money.

A cubogram from Sept. 27 outway of the London City press was received at headquarters here on Saturday night asking New York to look out for three men travelling under the names of O'Brien, Starns and Deakin. Two of these London police thought were identified with Frank Mitchell and Thomas Shinn, wanted there. The London despatch concluded: "Do not arrest but if possible locate discreetly pending further investigation."

Detectives Cody, Leeson and Alkman found the three men, arrested them and took them to Ellis island. There before a board of inquiry Starns admitted that he was Mitchell and confessed the theft.

The three were ordered deported.

LIQUOR FOUND

On Merrill Street and
Taken by Police

A quantity of beer and liquor was seized at 7 Merrill street yesterday by Liquor Inspectors Atkinson and Palmer. A number of complaints of an illegal traffic going on in that vicinity had been made at the police station and yesterday the officers after making a search of the place found a quantity of bottled goods, beer and whiskey. The parties responsible will be summoned into court during the week for answer to the charge of illegal keeping of liquor. The beer, it was said, was laid in for a social party.

THE CITY COUNCIL

Will Act on Ex-Mayor
Palmer's Death

There will be a special meeting of the board of aldermen and the common council. Both these meetings were called by the mayor to take appropriate action upon the death of the late ex-mayor, Charles D. Palmer.

The Water Board

There will be a special meeting of the water board this evening at 7:30 o'clock, at which time the question of further repairs at the Cook wells will be considered.

THE ROOSEVELT

Is Expected to Reach
New York Wednesday

PORTLAND, Me., Sept. 27.—Commander Peary accompanied by Mrs. Peary left Portland today for Bar Harbor to confer with General Hubbard regarding the papers Peary left with him and a forthcoming statement on the question "Cook" been at the pole. Commander Peary was brought to Portland from his Eagle Island summer home on his own motor launch and had luncheon with friends in this city.

Peary said that he would remain at Bar Harbor until tomorrow and expected although he was not positive that he would stop off at Eagle Island, for another day or two before starting for New York to take his place on the bridge of the Roosevelt in the Hudson-Fulton parade there Saturday if the Roosevelt gets there safely. The Roosevelt is expected to reach New York on Wednesday.

Peary refused to make any statement about Dr. Cook's box of data and instruments left in charge of Harry Whitney at Etah.

RELIGIOUS WORK

Leading Actress to Go
Among Poor

BERLIN, Sept. 27.—A sensation has been caused among theatregoers by the disclosure that Frau Hedwig Wangel of the Deutsches theatre, one of the most famous of German actresses, has abandoned the stage for the religious life.

She played in "Faust" as lately as Wednesday last, but she intends that that will be her last appearance on the stage.

Henceforth she will devote herself to religious work among the poor. Her colleagues say she has been increasingly religiously inclined for two years. Indeed she had been contemplating withdrawal from the stage for many months. She said to an interviewer: "The soul of a woman who serves the cause of the theatre heroically as we have done must go to eternal ruin. The theatre means ceasing to be. My decision was not taken suddenly. I was long determined to leave the stage and the world and to devote myself to my Saviour."

She added that her determination was sealed by attending a meeting of the Salvation Army at Frankfurt about a month ago, when she went to the penitents' bench.

Frau Wangel, who is 31 years old, separated from her husband, Stabornack, the musician, a few weeks ago.

TO BE DEPORTED

Men Were Caught as
Steamer Docked

NEW YORK, Sept. 27.—Headquarters detectives met the steamship Celtic at quarantine yesterday morning and took off three young men from London for the larceny of \$125 from a silk house. The others came over with him on the stolen money.

A cubogram from Sept. 27 outway of the London City press was received at headquarters here on Saturday night asking New York to look out for three men travelling under the names of O'Brien, Starns and Deakin. Two of these London police thought were identified with Frank Mitchell and Thomas Shinn, wanted there. The London despatch concluded: "Do not arrest but if possible locate discreetly pending further investigation."

Detectives Cody, Leeson and Alkman found the three men, arrested them and took them to Ellis island. There before a board of inquiry Starns admitted that he was Mitchell and confessed the theft.

The three were ordered deported.

DOG KILLED HENS 50 WERE INJURED

Vicious Animal Left 22 Dead in It is Thought That Several Per-
sons Are Dead

A hen coop at the corner of Howard and Tanner streets belonging to Jas. Palm was entered by an unknown dog some time yesterday afternoon and after the canine had left the place there were 22 dead hens strewn about the coop.

Mr. Palm notified the police and Acting Superintendent Brosnan and Inspector Goodwin visited the premises but failed to find any trace of the animal or its owner. It is expected, however, that the dog and its owner will be located in the course of a few days. This is the first depredation of the kind reported from that locality. It will probably be traced to some vicious dog that has been hungry for some time.

CABLE COVERINGS ABLAZE

CHRISTIANIA, Sept. 27.—During a magnetic storm here and at various places in Norway, Sweden, Denmark and North Germany the coverings of cables were set on fire.

\$10,000 PRIZE

For Race of Balloons From New
York to Albany

NEW YORK, Sept. 27.—Water yielded to air today as the most prominent element in the Hudson-Fulton celebration. The dazzled eyes of New York and her million guests turned from her unrivalled naval display in the Hudson toward the blue sky patches above the tall buildings where before the day was over they hoped to see darting the bird-like machines of Wilbur Wright and Glenn H. Curtiss.

Lacking the aeroplane lights the holiday crowds still had plenty of attractions. Palisades park, stretching for fourteen miles along the Hudson north from Fort Lee opposite upper Manhattan and the tall shaft erected in memory of Henry Hudson on Spuyten Duyvel hill in the Bronx were dedicated today. The park dedication furnished the first chance New Jersey has had to participate in the general celebration for it occurred at Alpine Landing opposite Yonkers. Gov. Hughes of New York and Gov. Fort of New Jersey were the principal speakers.

The ceremony about the Hudson monument occurred early in the afternoon at the conclusion of the exercises at Alpine ferry. Gov. Hughes spoke here also. Other prominent speakers were Gen. Stewart L. Woodford, president of the Hudson-Fulton commission; Mayor McClellan and Archbishop Farley of New York. The American warships anchored in the Hudson near this point fired salutes and the Half Moon, which had sailed up the river from its station, dipped her bow in honor of the daring navigator that had piloted her original up the river for the first time.

Early in the day the movement for sightseers began toward the southern extremity of Manhattan. Governors Island, long lying across the bay about three-quarters of a mile from the battery, was the goal of their vision. From the flats and across recently made by fillings from the bottom of the sea the aeroplanes of Wright and Curtiss were expected to rise for their trips about the harbor and up the Hudson. It had been announced, however, that the flights would not be made today unless weather conditions were favorable and the stiff breeze from the northwest out to sea made the prospect for the aerial exhibit today far from encouraging. Wilbur Wright had promised, however, that he would try to get up toward evening if the conditions permitted. On the street thousands watched the towers of the Statue of Liberty and the Brooklyn

NEW RECORDS FOR OCTOBER
On Sale Today
COLUMBIA STORE
54 Central Street

PITTSBURGH, Sept. 27.—At least 50 persons were more or less seriously injured by the explosion of a dynamite bomb which exploded in the office of the Columbia Film Co. yesterday. The explosion occurred in the office of the Columbia Film Co. at 414-415 Ferguson building, room 311, on Third Street. The explosion was caused by a bomb which was being used for a test. The bomb was exploded by a person who was not identified. The explosion caused a large plate glass window to shatter and the glass fell upon the persons in the office. The injured persons were taken to the hospital. The cause of the explosion is not ascertainable at this time. It is not thought that any men are now searching the ruins for persons in the two rooms could have escaped death so great was the force of the explosion, but a partial search of the inflammable films were scattered and the next moment a terrific explosion took place. The detonation was heard for blocks.

Several hundred firemen and police were on the scene. Throughout the entire eight story building the rescuers encountered men, women, boys and girls who were either burned or injured by flying debris.

Every hospital in Greater Pittsburgh was notified. For over an hour the clang of ambulances excited pedestrians in the downtown streets.

John Miller, manager of the Columbia Film Co., was at a barber shop when the explosion occurred. He hurriedly ran to the scene, but was at a loss to account for the disaster. According to Miller seven persons were employed in the offices. As yet none of them have been accounted for.

Many others rushed to the doors of the elevators. Fighting like demons, they broke down the screenwork and rushed to the exits. They became jammed on the stairways and their screams could be heard in the streets, causing much excitement among the thousands who quickly gathered in the vicinity.

Jersey City, N. J., Sept. 27.—A panic among the 1000 pupils of St. Anthony's Polish parochial school at Montgomery and Sixth streets caused by the explosion of fireworks in the street nearby resulted today in the injury of fifteen children. Only one is believed to be fatally hurt. Many children with minor bruises were taken home but fifteen were sent to the hospital.

Reports that some of the Jersey City schools would be dynamited had been circulated for several days, and when Italians began to explode fireworks in the street in front of a church next door in celebration of a festival the children thought their school building was being blown up. They made a rush for doors but found them closed. In the scramble to escape many of the children were knocked down and trampled upon until the pressure forced the doors open. They the frightened little ones ran among the exploding fireworks and some of them were burned thereby.

KING TO MARRY PARTY LEADERS

Ceremony is to Take
Place in April

LONDON, Sept. 27.—It is positively stated in Lisbon that King Manuel will marry in April. The name of the bride elect is not given, but in view of past rumors connecting the king's name with that of an English princess it is assumed that it will be an English princess.

Inquiries here, however, fail to bring forth any confirmation of the report.

HE WAS ROBBED

Man Attacked on His
Doorstep

NEW YORK, Sept. 27.—Nathan Goldstein, 35 years old, a salesman, halted on his stoop at 116 East 10th street about 2:30 o'clock last night and looked up to take note of the weather.

"What's that?" he asked, looking at a man who came along.

"Foolish question, number one," but before Goldstein could make demand of Arabic notation the other had disappeared.

"To that?" Well, that's what for you, he yelled, and Goldstein went down, striking his head on the sidewalk. Four other men rushed and robbed him of his watch and chain. In the mass Goldstein got a grip on somebody's coat but the fellow wrenched out of the clutch, leaving Goldstein with a head ache and a broken watch. Goldstein got to the East 10th street station and there collapsed. At the Harlem hospital it was found that his skull was fractured. The police think that they have a clue to the owner of the coat.

MADE CIRCUIT TWICE

JOHANNESBURG, Sept. 27.—Johann Latham arrived here from the Transvaal by train yesterday morning. He made the circuit twice before landing without a mishap.

GAME POSTPONED

American at Boston: Boston-St. Louis game postponed. Double header tomorrow.

20 MEN WANTED at once. Apply Water Works, Paul St., Billerica Centre, \$2 per day.

PERSONALS

Mrs. Jacob Strauss of New York City is visiting Mr. and Mrs. Barney Goldstein of Howard street. Mrs. Strauss and Mrs. Goldstein are sisters and this is the first time they have met in 12 years.

Paul O. Kable has resigned his position with Louis Alexander, the Central street tailor.

GROWS
WITH
BUSINESS

When you start in business don't make a large and expensive power installation to provide for future needs.

You can use a motor for present needs, installing others as the growth demands.

This will be a most efficient way out of your power problems. Telephone us any time and we will send our agent to you.

6 O'CLOCK CREW IN PANIC

Chinese Near Mutiny on a Tempestuous Voyage

BOSTON, Sept. 25.—The British ship's officers to fight their seemed only to excite them more.

Pleading that the ship's officers were in league with devils, they demanded, impudently and veiled, to be allowed to put on board the ship in small boats.

The cook, a Chinaman, who spoke English, was finally forced by the British officers to get on board and to tell them that the crew were kept from mutiny.

When the steam had abated enough to resume the course northward they became calmer.

The shortage of coal caused by the fight against the strength of the storm compelled the ship to put into New Bedford, where she ran into another storm that cut down her bow and her masts.

The last storm was encountered last Saturday off Nantucket. Sheel Lightship, when a thunder squall hit her.

Hardly had she cleared this when the company began to quarrel about the influence of the electrical disturbance Sunday.

The Barbary dressed fairly safe and sound, but was chased right to the wharf by bad weather. The voyage from Chili was made in 67 days. The cargo of nitrate of soda is the first cargo of nitrate of soda this substance landed at Boston.

During the vessel's stay in Boston the company's ship will be placed on the ship to prevent the escape into the country of the crew.

The terror of the crew was intensified to near insanity when water from the sea that rolled the length of the deck commenced to leak into their crowded quarters. They feared like any of the crew that composed the wild beasts. The crewmen of the crew.

CHICAGO, Sept. 27.—The fate of a man, a woman and their five-week-old baby hung yesterday afternoon on a throw of the dice.

Albert Christman, 43 years old, a barber who has been without work for weeks, cast the dice. The outcome of his throw was that he is dead, his wife is dying at the County hospital and the baby is being cared for by neighbors.

According to Mrs. Christman, her husband had not had steady work for several weeks. Since the birth of the baby he had been spending for liquor the few dollars he had made. She and her child have not had proper food and when her husband came home yesterday she appealed to him for money.

"Twenty cents is all I have," he said as he displayed a dime and two nickels in his open palm.

"Where did you get that?" "I begged it."

"Well, I don't want food bought with money you begged. Why don't you go to work?"

Enraged at his wife's rebuke Christman went into the kitchen and took down a dicebox. He decided that should two aces appear he would kill himself, his wife and baby. Should two sixes show he would look for work. He cast the dice and the two aces lay on the table before him.

"We will go out together and buy food," he said to his wife as he disappeared in the front room where she awaited him. She took the baby in her arms and as she stood near the door Christman rushed at her and snatched her six months. She fell to the floor and he ran into the hallway and drank carbolic acid.

CAUGHT HIS WIFE AID IS EXPECTED

In the Company of Another Man

NEW YORK, Sept. 27.—William J. Murdock, a wealthy resident of Scituate, the investor and manufacturer of an embalming fluid, with a large factory on Beach street, raided a lodging house last night, trapping his wife, who is the daughter of John D. Ferguson, town treasurer of Scituate, in the company of a man with whom she had eloped.

With three detectives, Murdock has trailed his wife since her arrival in Boston. Miss Lillian Sampson, a woman detective engaged rooms, adjoining that of Mrs. Murdock, who is alleged to have accompanied by Frank Merritt, a lieutenant of New Bedford, also married.

The woman detective admitted the three men to the house last night. They went to the front and were admitted when they knocked. Mrs. Murdock created a scene, but finally acknowledged enough to assure her husband's departure.

The domestic trouble of the Murdock, which culminated in the raid last night, commenced early a year ago when the family lived in New Bedford. The trouble between Mr. and Mrs. Murdock became acute months ago. Mrs. Murdock, after a trip to her mother's home in Scituate, took her two children there. Mr. Murdock filed papers in a divorce suit, which is now pending.

RAISIN WINE

IS TAXABLE SAYS INTERNAL REVENUE COMMISSIONER

WASHINGTON, Sept. 27.—Raisin wine is taxable according to a decision rendered today by Commissioner of Internal Revenue Cabell. The tax will take effect Oct. 1 next. All internal revenue agents were notified today by telegraph.

IMMERSION SECT

Continued to Pray and Sing

WEST HARTFORD, Sept. 27.—A group of about 200 persons, mostly women, who have been attending a revival meeting here since last night, continued to pray and sing today.

The domestic trouble of the Murdock, which culminated in the raid last night, commenced early a year ago when the family lived in New Bedford. The trouble between Mr. and Mrs. Murdock became acute months ago. Mrs. Murdock, after a trip to her mother's home in Scituate, took her two children there. Mr. Murdock filed papers in a divorce suit, which is now pending.

IRISH FORESTERS

O'Neil-Crowley Branch Held Celebration

LARGE GATHERING OF MEMBERS PRESENT

Musical and Literary Program Presented by Members and Friends—Joseph Brennan the Star Performer—Boston Official Attended

Branch, O'Neil-Crowley, Irish National Foresters, celebrated the third anniversary of its organization at Harrington hall yesterday afternoon by a varied program of musical and literary exercises. The business was conducted by Chief Thomas MacRae, F. Hennan, Thomas J. Hunt was treasurer and conducted the literary program.

Secretary McKenna, the well known undertaker, was an active member of the committee. The branch has over 100 members to good standing and is in a flourishing condition.

Among those who took part in the program, delivered addresses were: Chief Thomas MacRae, Secretary McKenna, Thomas J. Hunt, James J. McCreedy and Edward J. Gallagher. Mr. Jones, one of the state officers from Boston, gave a stirring address. Those who gave patriotic songs and readings were: John Fitzgerald, Patrick L. Lynch, John Mulvaney, Joseph J. Spillane, Timothy Daly, Thomas Conlon, Michael Farley, Jeremiah Downing, William Hunt and William Kirby.

Joseph Brennan won great applause by his songs and recitations. He is gifted with much dramatic and musical talent and was a whole entertainment in himself. Refreshments were served by an efficient committee.

Mr. Jones, one of the state officers from Boston, gave a stirring address. Those who gave patriotic songs and readings were: John Fitzgerald, Patrick L. Lynch, John Mulvaney, Joseph J. Spillane, Timothy Daly, Thomas Conlon, Michael Farley, Jeremiah Downing, William Hunt and William Kirby.

Joseph Brennan won great applause by his songs and recitations. He is gifted with much dramatic and musical talent and was a whole entertainment in himself. Refreshments were served by an efficient committee.

Branch, O'Neil-Crowley, Irish National Foresters, celebrated the third anniversary of its organization at Harrington hall yesterday afternoon by a varied program of musical and literary exercises. The business was conducted by Chief Thomas MacRae, F. Hennan, Thomas J. Hunt was treasurer and conducted the literary program.

Secretary McKenna, the well known undertaker, was an active member of the committee. The branch has over 100 members to good standing and is in a flourishing condition.

Among those who took part in the program, delivered addresses were: Chief Thomas MacRae, Secretary McKenna, Thomas J. Hunt, James J. McCreedy and Edward J. Gallagher. HON. CHAS. D. PALMER MURDER CHARGED

HON. CHARLES D. PALMER

Ex-Mayor and Popular Citizen Died Saturday Evening

Hon. Charles D. Palmer is dead, and Lowell has lost a very able and a very popular citizen. He died Saturday evening at his home, 123 Fairmount street. He had been ill for a long time and the disquieting condition of his health compelled a withdrawal from all duties, state and local. Mr. Palmer was one of Lowell's former mayors and was a member of the state board of conciliation and arbitration.

He was one of the most progressive mayors Lowell ever had, and as an arbitrator between wage earners and capitalists his work was always satisfactory to all concerned. Included in the improvements made during his time as mayor was the building of the boulevard, the making of Palmer street and first action in regard to the building of city hall and Memorial building. Charles D. Palmer never hesitated to take a bold initiative whenever convinced that it was demanded, and he had more than the average genius for diplomacy. Few indeed were the men who did not entertain for him an outspoken personal regard, and the disposition to underestimate his ability was never shown.

He leaves his wife, Mrs. Rowena Palmer, a trustee of the city library; one daughter, Mrs. Alexander Magruder, wife of Hon. Alexander Magruder, secretary to the American legation in Uruguay; and two sons, Jackson, a lawyer in Boston, and Dana, a cadet at West Point.

Mr. Palmer was born in Cambridge, Mass., Nov. 25, 1845. His father, Geo. W. Palmer, was a book publisher and manufacturer. The son was graduated from the Dwight grammar school of Boston, in 1865. On graduating from the Boston Latin school, in 1861, he received one of the four Franklin medals. He was graduated from Harvard college in 1865.

He entered the service of the Washington mills company in Lawrence and displayed such ability as to win an appointment by one of the United States commissioners to the Paris exhibition in the service of collecting statistics having to do with the wool industry in Canada.

Beginning in 1872 he was for ten years a member of a co-partnership for the manufacture of woolen shoddy in North Chelmsford.

In 1876 he married Rowena, youngest daughter of the late Fisher A. Hill, of Lowell, who died in 1873, leaving a large estate. It was in managing the affairs of this estate that Mr. Palmer was employed from 1880 to the time of his election to the mayoralty of the city. As mayor he had served the city three years, 1885, 1886 and 1887.

Mr. Palmer was interested in sports and was a very fond of horses. He was at one time the New England representative of the board of review of the trotting turf and at another time he was president of the Massachusetts amateur horse racing league.

During his first term of office, in 1885, the city council took action in regard to the erection of the city hall and the memorial building. It had been quite evident that the cramped quarters of the city officials were no longer suitable for the transaction of the city's business, and the feeling which had gradually grown took shape in resolutions that the work should be immediately commenced by Mayor Palmer to appoint the commission he continued to be mayor until January, 1891, during which time he presided over the meetings of the board of aldermen. There was nothing noteworthy about Hon. Charles D. Palmer and as mayor he served the city well.

In 1898 he was appointed a member of the state board of conciliation and arbitration by his personal friend, the late Governor Frederick T. Greenhalge.

Mr. Palmer's associates on the board were Richard P. Barry and Willard Howland.

SUEY—Mrs. Mary J. Suet very suddenly yesterday at her home, 135 Branch street, at the age of 74 years. The body was removed to the rooms of George W. Healey.

PIERCE—John A. Pierce died last Wednesday in Boston, at the age of 75 years. Burial took place Saturday in the family lot in the Riverside cemetery, North Chelmsford, under the direction of Undertaker George W. Healey.

FOSTER—Helen Foster, child of Robert P. and Annie Foster, died yesterday afternoon at the home of her parents, 47 Shafter street at the age of one year and nine months. Owing to the cause of death, a private funeral was held. Burial was in the Catholic cemetery under direction of C. H. Molloy & Sons.

O'BRIEN—John O'Brien, aged 67 years, and an old resident of Westford, Mass., died this morning at his home in that town. He is survived by a wife and four sons, John W., James F., Frank D., and Henry D., and three daughters, the Misses Agnes L., Ellen T. and Mrs. John Good.

Friends requested not to send flowers. Funeral notice later.

COUGHLIN—Patrick E. Coughlin, child of Patrick and Della, died five months and seven days, aged this morning at the home of his parents, 123 Cottage street. The funeral will take place Tuesday afternoon at 2 o'clock. Burial will be in the Catholic cemetery. C. H. Molloy & Sons in charge.

SEVERANCE—The body of Asa W. Severance, who died at the city hospital last Thursday, was sent to his home in Bradford, Me., last night by Undertaker Albert H. Bixby.

RAYMOND—Died, Sept. 26th, in Americus, Georgia, Austin B. Raymond, aged 55 years. He leaves one daughter, Miss Augusta B. Raymond, his parents, Mr. and Mrs. Samuel E. Raymond, and one sister, Mrs. Andrew G. Swamp.

Funeral services will be held in 1 o'clock Tuesday afternoon. Burial will be in the Catholic cemetery. Undertaker George W. Healey in charge.

FINE PROGRAM

ENTERTAINMENT HELD IN ST. JOHN'S HALL

Last night in St. John's hall, North Chelmsford, a delightful concert was given by the Young Ladies' society for the benefit of its ladies at the coming bazaar. To prepare the program the weather the hall was packed to the doors. The following program was given, and each one had to respond to an encore. Pianos solo, Walter, organ, Margaret McDonald, of Lowell, recitation, Evelyn Constanza, song, Francis Quinn of Lowell, piano, Gertrude Quigley and Rose McManey, song, Laura Maren, whistling, Harold Conners of Lowell, song, James Shugrue of Lowell, piano solo, Rose McManey, song, Gertrude Quigley. The accompanists of the evening were Gertrude Quigley and Edna Mallory.

UTICA, N. Y., Sept. 27.—It was announced by the police and county authorities this morning that the kidnapping of the three children, the murder of two of them and the shooting and wounding of the third in a secluded section of this city two weeks ago last night had been completely solved. This afternoon a formal charge of

murder will be made against Theodore Rizzo. On Monday next the grand jury will assemble and Rizzo's case will be the first one presented to that body. Efforts will be made to have the trial at the earliest possible date. The police will not give to the public the details of the evidence in their possession.

VICTIMS BURIED SHIPWRECKED

Imposing Ceremonies in Their Honor

VERSAILLES, France, Sept. 27.—The bodies of Captain Marcel, Lieut. Phauer and sub-Lieutenants Vincigu and Reux, the officers who were killed Saturday when the French dirigible military balloon Republique was wrecked near Moulins, were today given imposing funeral ceremonies at Versailles. The cross of the Legion of Honor was pinned on the bodies of the victims of this accident by order of Premier Briand.

Police Say They Have Evidence Against Theodore Rizzo

UTICA, N. Y., Sept. 27.—It was announced by the police and county authorities this morning that the kidnapping of the three children, the murder of two of them and the shooting and wounding of the third in a secluded section of this city two weeks ago last night had been completely solved. The cross of the Legion of Honor was pinned on the bodies of the victims of this accident by order of Premier Briand.

PHILADELPHIA, Sept. 27.—The German steamer Boundbrook from Port Antonio for Philadelphia reported today that the winter quarter lightship station about 25 miles south of the Delaware capes has a shipwrecked crew on board. The Boundbrook was unable to take the crew of the lightship because of rough weather.

The revenue cutter service has been notified and a government vessel will be sent to the lightship to take off the crew.

THE WAR OFFICE TWO WERE KILLED

Says Move Against the Children Were Struck by Automobiles

MADRID, Sept. 27.—The war office today announced the complete success of the marauders in Morocco against the Moors. Both Nador and Zeluca have been occupied. At the latter town there was bloody fighting with large bodies of Moors, the details of which have not yet been published.

The ring around Mount Gurugay is now considered almost closed and the position of the Moors is dangerous. Calid Anas appeared before Gen. Marcha, the commander of the Spanish forces, yesterday, and asked terms of surrender for the tribes entrenched on Mount Gurugay. It is believed the Moors are ready to submit without conditions.

MOORISH VILLAGES BURNED

ALBUCEMAS, Morocco, Sept. 27.—The entire coast line is illuminated with the fires of burning Moorish villages. After the Spanish batteries in the fighting at yesterday had silenced the native artillery the infantry advanced and drove the Moors from their positions.

On the advice of his employer Carlo gave himself up to the police of the East 104th street station, after he had run away from the crowd of Italians who acted ugly. He was locked up. His employer said he was a careful driver.

Joseph McCarthy, 7 years old, of 241 West Forty-sixth street, was run over and killed by a taxicab driven by Charles Kopp of 501 West Forty-sixth street at Eighth avenue and Forty-sixth street yesterday afternoon.

The boy with his sister was on his way home when the accident happened. The children were playing as they crossed the avenue and the boy ran into the roadway as the automobile came along. Kopp brought his machine to a quick stop after the accident and took the boy's body to the West Forty-seventh street police station. He was arrested, charged with homicide.

A third automobile accident happened at Broadway and 131st street, where William Portner of 1342 Broadway ran over Amelia Gross, 14 years old, of 579 West 131st street, yesterday afternoon. She was crossing the street on her way to the North river to see the warships when the machine knocked her down. She was sent out. At St. Luke's hospital they said she would recover. Portner was not arrested.

McCOY, who graduated from Washington and Jefferson college here in 1908, is the son of a wealthy pottery manufacturer at Zanesville, Ohio, but is employed now by the National Tube company of Pittsburgh.

Miss Griffith and McCoy met while the latter was in college.

WASHINGTON, Pa., Sept. 27.—Slipping away from the Washington seminary, where she was a senior student, Miss Mae Griffith, member of a wealthy family of Pittsburgh, Saturday met her lover, Lloyd Raymond McCoy, and the two made a quick trip to Youngstown, Ohio, where they were married.

The seminary authorities had no trace of the girl until yesterday when they were told by the girl's parents that she had been married and returned home.

LATEST IN POLICE COURT

List of Offenders Included Three Crap Shooters

Harry Gibbons, Albert Perry, James M. Dane and several other young men were so interested in shooting craps at the foot of Prince street yesterday afternoon that they did not notice the approach of two police officers until the latter were almost on top of them. The three above named were grabbed by the officers but the other players made good their escape.

A lookout had been posted to keep his eyes peeled for "der cop," but he evidently got interested in the game himself when the shooting got close and there was no one to announce the approach of Patrolmen David Petre and Stephen Castles until the latter had three members of the gang arrested.

In court this morning the trio was charged with taking part in a game on the Lord's Day. Gibbons and Dane entered pleas of guilty, but Perry said "not guilty." Patrolman Castles stated that the three with several others were squatted around in a circle, one of the members of the gang manipulating the dice while the "put" contained 60 cents.

The court found all three guilty and imposed fines of \$10 each.

Conscience Troubled Him

Joseph Fontaine was arraigned in police court this morning on complaints charging him with drunkenness and the larceny of a silver watch, the property of Daniel Fogarty. He pleaded guilty to both complaints. It seems that on the first of September Fontaine, while under the influence of liquor, ran across Fogarty, who was asleep, and relieved the latter of a watch. When Fontaine became sober he remembered that he had stolen the timepiece and deciding that he had no right to keep it, gave it to a boy to give to Fogarty. Owing to the mitigating circumstances connected with the case, Fontaine was treated in a lenient manner by the court, a fine of \$5 being imposed. He was fined an additional \$2 for drunkenness.

Drunken Offenders

Antoine Brouillette was charged with being drunk. His wife also stood to the court that she and her children were afraid of him. He was fined \$2 for drunkenness and placed under \$100 bonds to keep the peace for six months.

John Grezek, who is a general disturber when under the influence of liquor, was fined \$5 and placed under \$100 bonds to keep the peace for six months.

The case of Thomas Egan, charged with drunkenness, was continued till tomorrow morning. It is alleged that Egan is a parole man from the state farm but the prisoner said that he was only a second offender and should be treated as such.

John Burke was sent to jail for 14 days.

John J. Collins, the lone Sunday drunk, was fined \$5.

Mary Trainor was given a three months' sentence to jail.

James E. McNulty, a parole man from the state farm, will be returned to that institution.

Kanty Kulak, Charles Rogers, Frank Higgins and John H. Dwyer, charged with drunkenness, were each fined \$5. Four first offenders were fined \$2 each.

PREMIER GOUIN

Denies That Duty on Wood Pulp Will be Imposed

MONTREAL, Sept. 27.—The report that the Quebec provincial government has decided to impose a duty on all raw pulp wood exported to the United States is denied by Premier Gouin. The latter in a statement made to a representative of the Associated Press said he wished it to be specifically announced that his announcement at St. John recently did not mention any export duty and that it was not the intention of the government to propose any such duty.

"That," he said, "can only be done by the federal government insofar as timberland generally is concerned. We have jurisdiction only over timber lands included in the crown lands and we do not intend to impose an export duty. We do intend, however, to prohibit the exportation of manufactured timber from this province. It is our intention to follow the example of the Ontario government in this respect and make such prohibition a condition of all future licenses."

Conclusive proof that this and not an export duty is the government's decision is provided today in an advertisement announcing that the crown lands minister will receive tenders for permission to cut timber on certain crown lands along the line of the national trans-continental railroad. A condition of such permits is announced as follows:

All timber to be manufactured in Canada. It was originally Sir Lomer Gouin's intention to wait until next year when the period guaranteed to present license holders by his predecessor, Premier Parrott, would have elapsed, but in view of strong representations as to

the necessity of immediate action he has decided to put the prohibitory into force at once.

SUPT. MAYBERRY

Is Satisfied With Conditions at the Farm

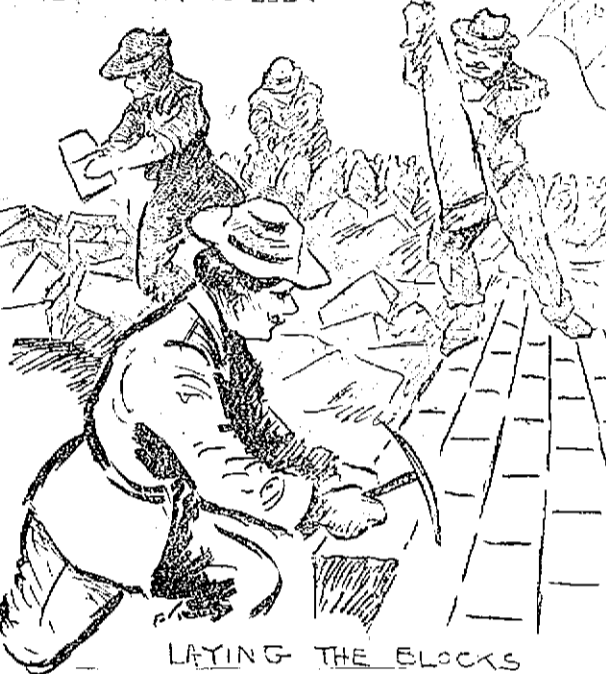

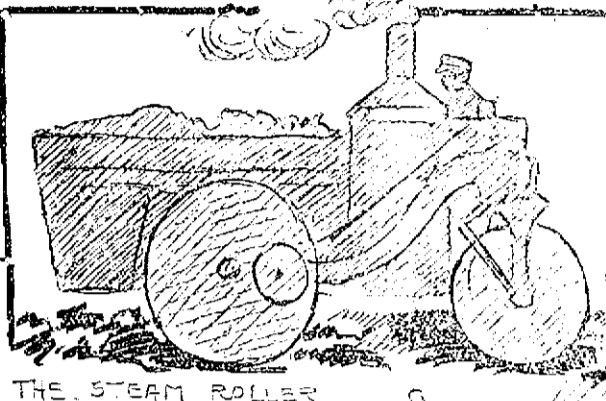

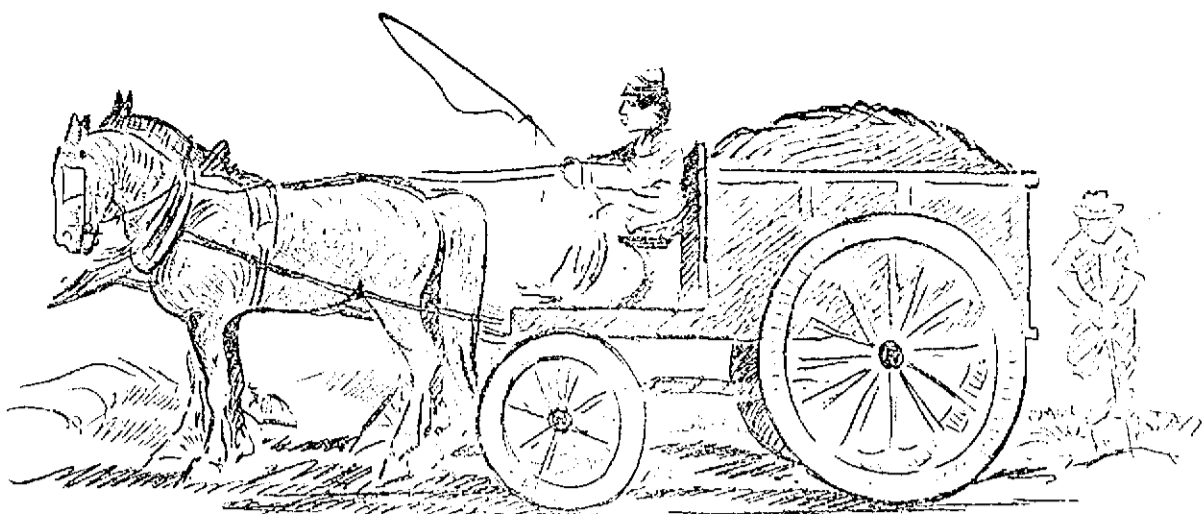

To a Sun reporter this morning the superintendent of the board of charities, Solomon Mayberry, said: "We have had a pretty good year at the farm, but it is not up to me. We have had pretty good luck, and as a consequence we have the best of corn, and all kinds of vegetables. There will be a great crop of potatoes, but not enough to furnish the inmates of the City hospital for the entire year. Everything is progressing to my entire satisfaction."

THE MISTAKE OF A LETTER

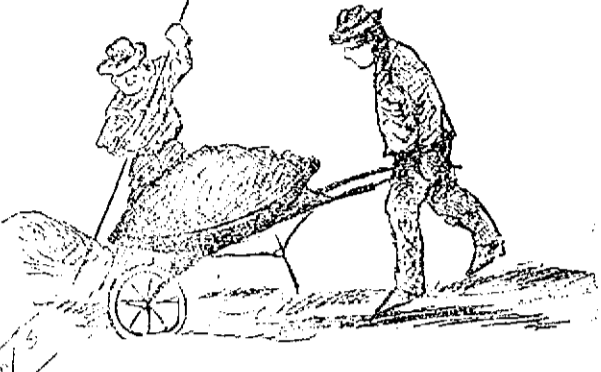

The importance of a single letter in some cases was shown in a typographical error that occurred in Saturday's paper. We said Mr. Ward, who is too rich for the Y. M. C. A. building fund has a "never fail" reputation. The change of one letter made it "never fail" which of course was not intended.

BOSTON MARKET

BOSTON, Sept. 27.—A generally firm tone marked the early trading in the Boston market today. While a majority of stocks were moderately active, the settlement of Butte labor troubles but North Butte in good demand.

PREPARING THE BASE

PAVING SKETCHES ON MERRIMACK STREET

SCHOOL CHILDREN

Took Part in the Greeting to President Taft

BUTTE, Mont., Sept. 27.—When President Taft arrived in Butte this morning he was welcomed at the station by a big reception committee. Waiting motors took him and his party over the decorated line of parade and after his speech in North Montana street, opposite the court house, he was whisked away to his train and started on the journey to Helena, where he was to be welcomed by thousands of Montana citizens at the state fair grounds.

When the parade, headed by the president, reached the speaker's stand in this city former Sen. Mantle introduced the president to Mayor Nevins, who presented Mr. Taft to the throng. In other cities the school children formed a feature of the greeting to the president. The troubles between the Western Federation of Miners and the organization of engineers in the mines caused a change in the original program. It had been planned for Mr. Taft to spend some time in the mines and see the miners, but when the labor

troubles became acute last week the committee changed the arrangement so that a part of the time was spent at Anaconda, where the smelters were visited and examined. The president took a lively interest in all he saw and seemed to be much impressed with the extent of the industry at Anaconda and Butte. The labor trouble which was caused by the engineers, withdrawing from the federation and forming an independent organization gave the peace officers some apprehension and extra precautions were taken by the police. Both the city sheriff and the chief of police added many men to their regular forces, and the town was thoroughly policed by men in uniform and plain clothes. These precautions were unnecessary as the labor troubles had been practically adjusted and the head of the strike men were expected to be back to work to-night.

No doubt the visit of the president was a factor in postponing the return to work. Throughout the controversy there had been hot feeling between the factions, but this seemed to have disappeared as the matter occurred at the pleasure of the president's visit.

THE MATHEWS

Will Take Part in Next Sunday's Parade

The regular meeting of the Mathews Temperance Institute was held yesterday. It was a well attended affair and the presence of members. President Jos. A. Mathews presided at the banquet and during the course of the meeting several new members were admitted and donations received for the fund.

The society will give a party on a boat at the express company wharf at the Sacred Heart church 250 North Main. It had been planned for Mr. C. A. Mathews to be held in the City of Boston.

North Weymouth, Mass., will support the cause of the temperance cause. The society will observe the 10th anniversary of the

GENL. HUBBARD AN EARTH SHOCK

To Hold Conference With Peary

BAR HARBOR, Me., Sept. 27.—Pending the conference tonight between Gen. Thomas H. Hubbard, president of the Peary Arctic club, and Commander Robert E. Peary on the proofs which Commander Peary has to support his position on the question, "Has Cook been to the pole?" no new phases of the Peary-Cook controversy are expected to develop. Commander Peary will reach here from Portland tonight and go at once to the home of Gen. Hubbard, where he will be a guest during his stay here. Gen. Hubbard has thoroughly acquainted himself with the Peary proofs, which he has under examination for several days, and as president of the Peary Arctic club and Commander Peary's personal confidant he is prepared to outline a map of completion and proceeding in the controversy with Dr. Cook. While secondarily concerned with the question of the Peary proofs, the friends of the commander say they are preparing to establish Commander Peary's position in a manner that will be convincing to those who desire to consider the facts in the polar question. Gen. Hubbard will be held in the statement to make today.

S. A. R. AT SALEM

Old Middlesex Chapter Represented

The Sons of the American Revolution held a very enjoyable reunion and field day at Salem Saturday afternoon, and during the afternoon visited many points of interest in the old city, and at 1 p. m. thoroughly enjoyed a good dinner at the Ames Memorial hall.

Members of the society on arriving were met at the Y. M. C. A. building by a committee from Old Salem Chapter and in parties shown points of interest about the city. At 12 o'clock all assembled in the parlors of the Y. M. C. A. building and marched to the home of Capt. Jonathan Haraden, soldier and soldier of the revolution, where a list of his many was read, and members of the Sons of the American Revolution, a color guard. At 1 o'clock dinner was served in the Ames Memorial hall, followed by speeches by John E. Haraden, president of the Massachusetts Society, Frank A. Haraden, M. D., president of Old Salem Chapter, and John E. Haraden, M. D., president of the Sons of the American Revolution.

At 2 o'clock a group of the society, headed by Capt. Haraden, marched to the home of Capt. Haraden, where a list of his many was read, and members of the Sons of the American Revolution, a color guard. At 1 o'clock dinner was served in the Ames Memorial hall, followed by speeches by John E. Haraden, president of the Massachusetts Society, Frank A. Haraden, M. D., president of Old Salem Chapter, and John E. Haraden, M. D., president of the Sons of the American Revolution.

PROBABLY DEAD

Miners were Imprisoned by a Cave-in

GOLDFIELD, Nev., Sept. 27.—The three miners who were imprisoned by a cave-in at the Combination mine are now believed to be dead. The rescue party broke into the shaft where the accident occurred last night and there found the body of Evan Reese, but still had no trace of W. J. Pertsch and M. C. Matt who were believed to have taken refuge in the cross cut.

Reese's body was unmarked and it is believed that he was suffocated by gas. It is felt that the imprisoned men are probably dead of asphyxiation and it may be some time before their bodies are recovered. For 24 hours the rescue party worked on four feet of shaft, blasting through, still had to reach the spot where Reese's body was found.

WORDY WARFARE

Relative to Descent Into Crater

VICTORIA, B. C., Sept. 27.—A wordy warfare is being waged in the English newspapers in Japan similar to the Peary-Cook controversy in the United States when the steamer Empress of China sailed, with regard to the descent made last month into the crater of Mount Asama by Prof. Jay J. Rogers of Chicago. The professor telegraphed the particulars of the exploit to Yokohama newspapers telling of sensational experiences when lowered on a rope by four others into the crater. Dr. Clay McCauley of Boston, author and missionary, wrote "in the interest of truth," stating Prof. Rogers had greatly magnified the adventure, and instead of having lowered into the crater had crawled down the rough slope leading into it. Since then friends of both have been busy and columns are being devoted to letters and photographs.

HUMAN BONES

Were Found by Workmen at Hingham

BOSTON, Sept. 27.—The skeletons of a number of persons were found Saturday at the new naval magazine being constructed at West Hingham by the government by workmen excavating on the side of a hill in the rear of the Hingham almshouse.

When the work on the hill began some bones were uncovered. Lieutenant-Commander Lattimer, U. S. N., in charge of the magazine property, and the contractor were sent for, and decided to work farther into the hill. Parts of skeletons were found, as well as several almost intact. They were not more than three feet under ground. A shoe, pieces of cloth and pieces of wood, evidently parts of baskets or boxes, also were unearthed.

Work for a time ceased, and then the contractor and Lieutenant-Commander Lattimer decided to rebury the bones in nearly the same spot. Near the Hingham poor farm was an old tomb that had been in use for years, and it is believed that when it was discontinued the bodies were buried in the spot discovered by the workmen.

CAPTAIN BUTT

Calls a Halt to Long Banquets

ORDEN, Utah, Sept. 27.—Captain Archibald Butt, military aide to the president, has called a halt to the long banquets for the president and with the dishes noted for the unpopularity of their names.

The president, so far as known, did not object to what was to be had, but breakfast, luncheon and dinner, each from an hour and a half to two hours and a half in length, were taking too much time and Captain Butt wired Secretary Carpenter asking that he request committees making their catering occasions simple in menu and quick in service.

This request may bar the Creole dishes at New Orleans and peacocks in Augusta.

Yesterday Captain Butt received this telegram from the committee at San Antonio:

"To settle a question that is agitating our leading citizens will you please advise whether the president prefers beef and cabbage rather than epicurean viands."

Captain Butt wired that he did not mind beef and cabbage.

HE SHOT HIMSELF

Man Then Walked to His Home

TERANON, Pa., Sept. 27.—J. Shinn, 40, a local farmer, shot himself in the chest with a 12-gauge shotgun in this city yesterday morning, the first being while attempting a recovery in the operation of the stove.

Shinn walked to his home, a half-mile from the scene, and although severely wounded, he was able to get to his home, where he was found by his wife, who called a doctor. He was taken to the hospital, but died before he could be operated on.

Shinn was a local farmer, and was well known in the community. He was married and had several children. He was a member of the local church and was a good citizen.

CONSTIPATION

For over two thousand years has been the cause of the majority of human ills. Its remedy is

SURE-LAX

The Dependable Confection Laxative and Cathartic

A positive cure for CONSTIPATION, Biliousness, Headache and Deranged Stomach. No griping. As pleasant as a choice confection. Half tablet for children.

For sale by Carleton & Hoyer, Frye & Crawford, P. E. McNabb, F. H. Butler & Co., Fred Horner, F. J. Campbell, F. J. Moore, E. A. Brock & Co., A. W. Davis and all first class druggists, 10c, 25c and 50c.

ARE CHAMPIONS

Y. M. C. A. Wins Title in Great Game

At Washington park Saturday afternoon before a large attendance, the Y. M. C. A. team defeated the Mt. Grove team by the score of 4 to 0. The game was the second of a series of three to settle the amateur championship of the city and as both contests have been captured by the Y. M. C. A. boys, they are now the recognized champions of Lowell.

Saturday's game was close and interesting. It was a pitchers' duel, with Stephens having the better of the battle. The contest furnished many spectacular plays and was one of the best amateur games yet seen in this city. Buckley, formerly of the Americans, and Wanderers, played with the winning team, and gave his usual clever exhibition. The score:

Y. M. C. A.	ab	r	h	po	a	e

THE SAGAMORES WON

Amid scenes of the wildest excitement and in the presence of 400 red-hot baseball fans the Sagamores pitched to victory over the strong Crescents, Saturday afternoon, by the score of 5 to 1. It was probably the hottest game of baseball seen on a local date this season, and at times excitement ran high that the crowd surged onto the field and caused the game to be frequently interrupted.

Both teams have been playing remarkable ball this season, the Sagamores defeating most of the strong amateur teams around the city, while the Crescents proved to be the sensation of the season, winning 10 straight games in the Stony Brook league. Until the last game of the season they were tied for first place, and finished second in the standing.

The two teams met early in the season, the Sagamores winning the first game by an overwhelming score, while the Crescents evened up matters by defeating the Sagamores on Memorial day by a score of 5 to 0.

On Saturday, Sept. 11, the two rival teams met for the third time, and although the Sagamores held the lead throughout most of the game the Crescents, by making a garrison finish, finally won out by the score of 6 to 5.

At the close of this contest another game was arranged, this time for a purse of \$25. The game was pulled off last Saturday at Spaulding's field.

The game was clearly a pitchers' battle between Gil, the knuckle ball artist for the Sagamores, and "Old Reliable" McDowell for the Crescents, who had yet to lose a game this season. Byam, who did the back stopping for the Sagamores, played the classicst kind of a game. His hit in the ninth inning won the game for the Sagamores. Bowman, also put up a first class game, his marvelous catch of a fly in center field probably saving the game for the Sagamores. For the Crescents Jenkins was easily the star, playing the second sack like a number one and making several one-handed stops that brought the spectators to their feet. His hitting was also a feature of the game. T. McDowell also pitched well for the Crescents. Errors by the Crescents at critical periods proved very costly.

As each team has won two games this season, it is very probable that the rubber game will be pulled off before the season closes.

The Pawtucket Blues challenge Grantville for a game next Saturday, Oct. 2. Game to be played in Grantville.

"Sully."

DIAMOND NOTES

The New York Highlanders have won eight successive victories.

There will be no Sunday games in the world's championship series.

"Stoney" McGowan of the Milwaukee club is said to have pitched in 50 games this season.

Pueblo of the Western league in a game with Wichita last Sunday made six home runs, three three-baggers and six singles.

Killifer, the new St. Louis American catcher, is said to be classy. He is a brother of the Washington player, formerly with Detroit.

Nothing new about a post-season series between the Red Sox and the Giants except that Fred Knowles thinks McGraw might favor such games.

"Doc" Gessler has signed to play with Washington next year, so he must have been kidding when he said he was going to quit baseball and enter the auto business.

President Dan Johnson is reported to have urged the Washington club directors to turn down Joe Cantillon as manager for next season on the ground that he had been disloyal to the American league.

President Taylor has suggested to Connie Mack that the Athletics bring forward their game with Washington for October 4 and play a double-header on Oct. 2, and he has expressed a willingness to take the Red Sox to Philadelphia to play off a postponed game on October 4.

Out on the American association circuit the claim is made that Strunk, the Milwaukee center fielder, is faster than Ty Cobb, but that he is too crude to make the use of his speed that Cobb does. Strunk was with Connie Mack last year and returns to him next season.

Hannibal, Mo., is proud of its record in baseball. Last year Hannibal had its first league ball club and won the I. M. pennant. This year the team finished second in the Central association, losing the pennant to Burlington on the last day of the season. Hannibal has a population of only 20,000, and yet the home games drew an aggregate attendance of 50,117 in paid admissions.

President R. L. Hedges of the St. Louis Browns is in Boston with his team. He says that he has not decided upon a manager to succeed Jimmy McAleer, but there seems to be a general impression in St. Louis that Jack O'Connor, the veteran catcher, will get the job. President Hedges is quite chipper, notwithstanding the failure of his team to rank anywhere near early season expectations, and still thinks that had not his team been handicapped by serious accidents, it would have been in the race. His general faith in the team is based on the fact that his outfielders—Stone, Hoffman and Schweitzer—were seriously injured one after the other, in the space of five days early in May, and that the injury to Howell weakened his pitching staff badly.

FOOTBALL NOTES

There are five freshmen on the naval academy squad.

There will be more secret practice than ever on Soldiers field this year.

No chance for any development of football, players such weather as this.

At the university of Illinois, the practice is being held at night under electric lights.

Gaston, Pennsylvania's brilliant tackle last fall, is back at the university coaching the freshmen team.

It begins to look as if Yale's season would have to be planned with reference positively counting on the services of Capt. Cole.

Capt. Cole, the only Maine college whose eleven has no camp, with Harvard this fall, is being coached by McDowell, a former player at Waterville.

Bert Barry of Brockton, and a younger brother of Tom Barry, Brown's old halfback, now coaching Northwestern university, is captain at Syracuse where "Tad" Jones is coaching.

Parkins, a big 150-pound back at Harvard, who comes from Newton, looks like a man whom it will be hard to stop. He is heavy enough for the line, but should develop into a strong defensive player for the back field.

One of the changes at Princeton this fall has been the placing of last year's fullback, Dawson, at quarterback. Dawson also is the catcher for the varsity nine and comes from Holyoke, Mass. He was almost landed on by a throw by Mike Lynch a few years ago.

T. A. Wilson, left guard on Exeter's 1908 team, and last year at Lafayette has entered Princeton. A brother is a member of this year's squad at Exeter.

A brother of Butkewitz, a former star at Andover and Princeton, has entered Exeter, but has not yet joined the squad.

"Pott" Graves, the old army tackle, who helped coach Harvard last year, is engaged in some important governmental construction work near Hialeah, P. L. where he is stationed. Lieut. Graves however, did his best to get a furlough so as to be on Soldiers field this fall.

"Tad" Jones, who started coaching Syracuse a few days ago, has material for three elevens. One of his candidates is Ben Hinkley. It is said that he is a brother of Frank Hinkley, and plays end, but just imagine any relative of Frank Hinkley's going to another college than Yale.

Bobby Burch, Yale's 1905 captain, will not be one of the coaches at Yale field this fall. Last winter he agreed to coach University of Cincinnati and is already at work on there. Captains whose elevens have been losers at Yale never have returned to act as field coaches.

Courtney, Cornell's rowing coach, is much upset because his bow crew, Sea grave, who weigh 150 pounds, has come out for the football eleven. One of the rowers with football at Cornell has been that Courtney has the pick of the athletes before the football coaches have had a chance.

This from a New Haven exchange—"It is universally hoped here that Kennard will be declared eligible to play at Harvard this year, for a precedent then will be established for a similar ruling at Yale by which Sheffield men, who now can play only two years on the varsity, may get three seasons on the team simply by being dropped."

B. M. Pace has been appointed captain of the Harvard second team. This organization will soon appear on Soldiers field clad in black jerseys. Dick Pace is the son of William H. Pace, New York, who when he was at Harvard was the champion boxer in college. Dick at the present time is as good a wrestler and boxer as there is in the university.

ROXING GOSSIP.

The bouts this week are:

MONDAY

Philby Boyle vs. Young Jack Johnson and Gus Rodgers vs. Tom Murray, Saturday.

Young Corbett vs. Willie Maude and Fred Corbett vs. Young Ernie, Philadelphia.

TUESDAY

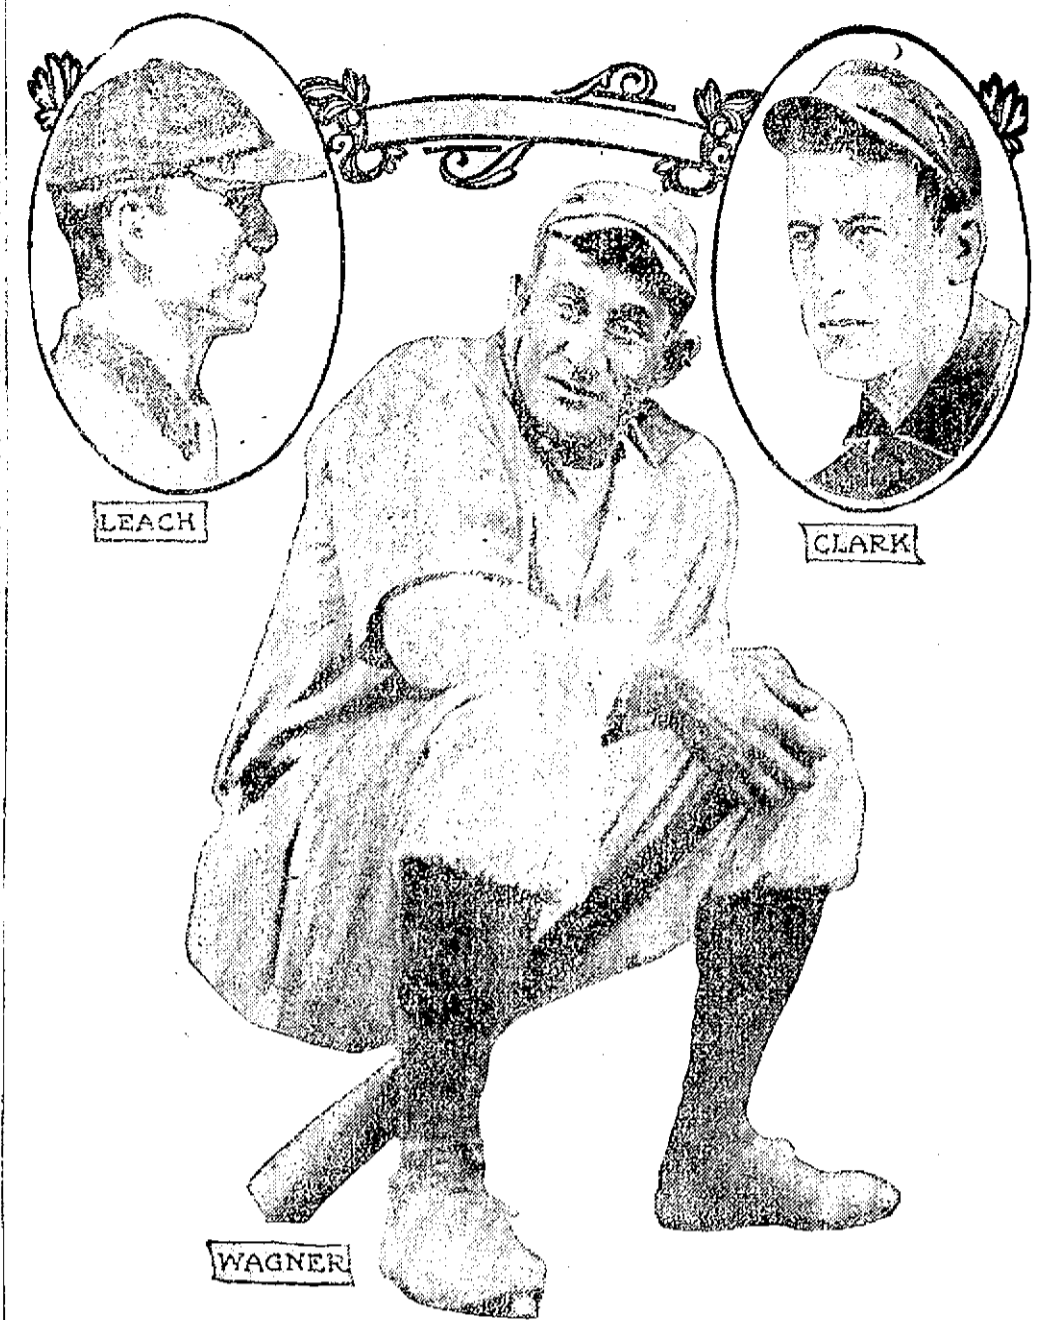

Sam Langford vs. Dixie Kid, Eddie Shavin vs. Gus Marshall, Mike Mahan vs. Angus McGeachy and Danny West vs. Frank O'Hara, Armory, A. Young Langford vs. Gus Marshall and Fred Mackey vs. Benny Kaufman, Philadelphia.

Patsy Branigan vs. Pat Moore, Pittsburg.

WEDNESDAY

Harry Lewis vs. Kyle Whitney, Wil-

MANAGER OF NAT. LEAGUE CHAMPIONS AND TWO IMPORTANT COGS OF PITTSBURG MACHINE

PITTSBURG, Sept. 27.—Although the National league race does not close until Oct. 7, the Pittsburg club will within a few days be officially declared the champions of 1909. The Pirates have been the sensation of the major leagues this season. That so many youngsters should be given regular positions and the team maintain the high position in the race during the campaign is considered little short of wonderful. With but one veteran, Honus Wagner, in the infield and another in the outfield, the Pirates have been consistent winners. In addition, Clarke has stood out in his twirling staff. When the Buccaneers started their campaign the view was generally expressed that they would not make as good a showing as last year because they had three young players in the lineup. The solidity and precision shown by the Pittsburg infield have been a source of surprise and intense chagrin to the other clubs. The relation of the old Honus Wagner has undoubtedly been the salvation of the team, both in the way he has braced up the new infielders and the way he has killed that old ball. He never hit so savagely as he did this season, and his dishing work stirred up the kids who are playing around him. As a manager of a big team Fred Clarke has few, if any, peers in the game today. He has everything a successful leader needs. He is a developer of youngsters, a fighter, and no one knows more about

inside baseball than does this fellow. Besides being a grand leader, he is also one of the greatest players in the game. Clarke has been manager of the Pittsburg National league team for nine years, and in that time the team has never finished out of the first division, winning three consecutive pennants, finishing second three times, third once, fourth once and last year being tied with the New York Giants for second position. Tommy Leach, who has been playing center field all season, was formerly one of the great third sackers in the game, but early in the spring he asked Clarke to give him an outfield berth. Right off the start he made good in his new position. As a batter and base runner he is among the first ten in the league.

many clubs are springing up in nearby cities. These appear to be in the hands of competent men and the fact that the matches arranged to date look evenly balanced leads to the hope that this may be continued and the sport helped instead of injured by poor match making. It is not unlikely that the Standard A. C. of Lynonsville will get away again in a short while, thus adding another to the already long list of places where lovers of the "milt" game may be entertained.

Stanley Ketchel does not appear to be willing to discuss the recent bloomers with Langford at New York. Immediately after his arrival in San Francisco he was besieged by the newspaper men, who asked for his version of the affair. Ketchel ran away from his inquisitors and left Willis Edd to face the music. Edd is a powerful over some of the questions hurled at him, but naturally shifted the blame to other shoulders. Meantime interest in the coming Ketchel-Johnson affair is not such as to make the promoters enthusiastic, while the betting, which is 10 to 4 on Johnson, indicates how the public feels about the result.

Billy Papke has signed to box Jack Fitzgerald at Philadelphia, Oct. 4, and Hugo Kelly, Oct. 21, at New Orleans, while steps are under way to bring about another meeting with Ketchel to take place in San Francisco Thanksgiving day. The latter contest will be for the middleweight championship of the world, with a limit of 45 rounds. If the men meet under these terms there is but little doubt that the better man of the pair will be uncovered. In view of the conflicting stories regarding their last meeting, when Ketchel was declared the winner, it is but fair to all hands to have the matter settled by a contest of such a distance as to practically insure a finish.

OLD MEN ENTER

For Golf Tournament at Rye, N. Y.

NEW YORK, Sept. 27.—A remarkable list of "old men" from all over the United States have entered for the senior's fifth annual golf tournament at the Aynams club, Rye, N. Y., next Wednesday and Thursday. Contestants, as previously must, be at least 55 years old in order to be eligible. Several of the 140 odd entered are over 80 and it is possible that total may be exceeded. It is improbable that so many men distinguished in business, society, the law, pupil, medicine, the military and other walks of life ever before entered in an American sporting event.

While the majority of entrants are from within 50 miles of New York, there are about a dozen each from Boston, Philadelphia and scattering

GREAT HUMANE WORK

Done at State Hospital for Poor in Tewksbury

Tuberculosis Hospital in North Reading May Relieve Congestion at State Hospital—A few Facts Concerning the Institution

Will the tuberculosis hospital, opened under the auspices of the state at North Reading, yesterday, relieve the great call made upon the state hospital at Tewksbury?

This question was asked Dr. Nichols of the state hospital by a reporter for The Sun Saturday. "That remains to be seen," said the doctor. "I have been turning that very question over in my mind and it seems to me as if the North Reading hospital would help out here very materially. We are really not able to accommodate as many as we would like in our tuberculosis hospital."

"At the present time there are about 217 patients in the male tuberculosis ward and 11 in the female tuberculosis ward. We expect that before the winter sets in we will be in a position to accommodate a greater number in both wards."

Both the male and female tuberculosis wards are far removed from the main buildings and are very beautifully located, especially the men's ward, in a pine grove. The hospital as a whole has more than 700 acres of land splendidly located on rolling ground.

A Great Hospital

The state hospital at Tewksbury is better known as the Tewksbury almshouse, but it is not an almshouse in the strict sense of the word; it is fundamentally a great hospital, in which are skilled physicians, surgeons, and nurses, and the inmates of which are such because they require medical attendance and care.

There are upwards of 1800 inmates in the various departments of the institution. This includes about 700 patients in various stages of insanity or dementia. These are regarded as "permanent patients." Many of these are only slightly affected mentally and do much of the work about the place. There are more inmates in the winter than in the summer—Last winter there were 2400 inmates in the whole institution at one time.

The Maternity Ward

One said but interesting feature of the institution is the maternity ward. Asked today how many children were born there annually, Dr. Nichols said there were over 200 born last year. The mothers usually stay about a month after the children are born and if they are not able or willing to care for the children the state assumes control of them. But statistics show that less than three per cent of these unfortunate women are willing to give up their babies to the state.

representatives from Fall River, Providence, Worcester and states as far distant as Texas. The affair which started as an experiment four years ago met with instant success, doubling yearly in importance. Last year the out-of-town contestants contributed to a bronze tablet which will be presented this week to the Apawamis club. Among the widely known men who will see Wednesday are ex-Governor John W. Briggs of New Jersey; Frederick A. Chase of Providence; Spencer Borden, Fall River; Robert G. Shaw, Boston; former Judge Morgan J. O'Brien, New York; Judge Henry Howard of Yale; General Adolphus Ames of Lowell; Alexander Morton of Newport, R. I. and R. H. Thomas, president of the New York stock exchange.

LOUISVILLE WON

CAPTURED PENNANT IN THE AMERICAN ASSOCIATION

MILWAUKEE, Sept. 27.—The American association baseball season closed yesterday after a close contest, with Louisville the pennant winner and Milwaukee in second place.

PERSONALS

Mrs. Ethel Ranger Cuzner, formerly of this city, had the distinction of singing at the reception of Commodore Peary at Sydney, C. B. One of her numbers was "Stars and Stripes."

Mr. and Mrs. James Charles have returned to their home, No. 208 Pleasant street, after a honeymoon trip to Edinburgh, Scotland, the home of Mrs. Charles. They visited many of the more celebrated points in Bonny Scotland and enjoyed the trip immensely.

Cards have been issued for the marriage of Miss Juliette Hunter, daughter of Dr. and Mrs. Leonard Hunter, of this city, to Mr. Granton Dowse, at St. John's Episcopal church on the afternoon of October 11th.

Mrs. Henry L. Tibbets and family and Mr. and Mrs. William T. Shepard have returned to this city after a most delightful tour of three months in Europe. The party left Liverpool about five o'clock on the afternoon of September 18, and arrived yesterday morning in New York, the last day's making the trip in four days, 15 hours and 42 minutes. The countries visited by the party included Ireland, England, Italy, Austria, Germany and Belgium. An interesting feature of the trip was an 18 days' trip by automobile through England, Scotland and Wales.

MISSIONARY WORKER DEAD

BOSTON, Sept. 27.—Mrs. Harriet E. Carpenter, for many years a missionary worker in Korea and Japan, and widow of Rev. Chapin H. Carpenter, died at her home in Newton yesterday, aged 73 years.

She was born in Newton, graduated

from Lasell seminary, and was for three years preceptress of Colby academy at Newton, N. H.

She accompanied her husband to Burma and worked among the Koreans, establishing a school for girls. The climate proving unhealthy, she went to Japan, where she remained up to three years ago. Her husband died in 1889.

Removed by Lydia E. Pinkham's Vegetable Compound

South Bend, Ind.—"Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me a strong and well woman, and I shall recommend it as long as I live."—Mrs. Mary Felt, Lindley, Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the

HARRY WHITNEY

Says Peary Forced Him to Leave Cook's Records Behind

NEW YORK, Sept. 27.—Commander Robert E. Peary refused absolutely to allow any of the records or instruments of Dr. Frederick A. Cook to be brought aboard the steamer Roosevelt and was thus instrumental in causing these records to remain in a cask at Etah, Greenland, according to Harry Whitney, the New Haven sportsman in a dispatch received in this city by Dr. Cook yesterday. The dispatch which came in a response to one sent by Dr. Cook, is as follows:

"Sturtevant, via London Harbor and Cape Hay, N. P., Sept. 24.
"Dr. Frederick A. Cook,
"Woburn, New York.

"Started for home on Roosevelt. Nothing arrived for me. Peary would allow nothing belonging to you on board. Said to have everything in cask at Etah.

"Met Captain Sigsbee, North Star. Did not go back after going schooner headed St. Johns. Take steamer home. Hope you will see you soon. Explain all. Good standing.

"Harry Whitney."

Dr. Cook was questioned yesterday as to his view of the situation created by the action ascribed to Commander Peary, but he declined to say anything derogatory of his rival.

"It may be that the instruments will arrive this year after all," he said, "and as for the records and observations, they are not arrived here makes no difference whatever, as I have complete duplicates, so that there will be no delay in compiling my story with all its details."

Dr. Cook did not appear to be greatly perturbed by the news he received from Mr. Whitney. He hopes to see him in a very short time and to hear a complete explanation of the occurrences at Etah.

Dr. Cook denied the report that he was to bring suit for slander against Peary.

"I shall wait," continued Dr. Cook. "I think that Mr. Whitney knew what he had in his possession. It would be very difficult for me to say what I think of the occurrence will have. The names of the records and instruments will, however, not affect the ultimate result of the matter. But it would be very desirable to have the instruments here, that is certain."

"Mr. Whitney certainly knew that the effects left with him were important. He was compelled to tell Mr. Peary that he had things with him. He is too honest to suppress such information."

"I had not spoken to Mr. Whitney of any estrangement between Mr. Peary and myself. He had believed that a ship would come for him from the American side and the things would go along with it."

"The leaving of the instruments may cause delay in sending my records to Copenhagen, but will not affect the people who are to make the final investigation."

"There were a few originals among the instruments left with Mr. Whitney, but it will not make any difference if they are never found again. Mr. Whitney really does not know what there is or what there is not among them."

"The instruments are not lost. The Eskimos know where they are. They will be looked after. Mr. Whitney has said no word except that they were at Etah."

"As to the question of proof, that is the same whether the observations are made by one person or by five or more."

"I am sure Peary had no means of getting any news of me since the middle of April, but he knew that I had gone south."

"My instruments were packed separately in several boxes and these were put into a packing case. They could not be injured by falls or rough handling."

"Regarding the possibility that a man could go within two or three hundred miles of the pole and think he had got there, I leave that to the scientists."

"When Mr. Whitney met me on my arrival at Etah, the first thing he said was, 'What I have been here in a hurry Peary.'"

"It is impossible to send anyone to Etah to fetch the instruments and leave them at this time of the year, as navigation is closed and if it were open a ship would take four or five weeks to get there."

"Mr. Whitney has said all he needs to say to the support of my expedition. The remark that has been made that I carried Peary's sledges is nonsense. It is impossible to carry the sledges of the Peary expedition. I never copied anything. I have a letter from him for over two years. I could not have copied his letter."

"I have not had any arrangement to meet Mr. Peary at any time."

"I have not had any arrangement to meet Mr. Peary at any time."

400 DELEGATES

Independent Companions of Forest Organized

WORCESTER, Sept. 27.—Four hundred delegates representing 79 circles met here last night and formed an organization known as the Independent Companions of the Forest. Of the circles represented, 22 were sending members of the Companions of the Forest of America, the Ladies' Auxiliary of the Forests, the Foresters' organization is the result of the troubles arising over the deposition as chief of the Massachusetts branch of Miss Josephine L. Mahoney of Boston at the national convention in Atlantic City last month. Pending another meeting to be held in Boston soon at which a complete board of officers will be elected, Miss Mahoney of Lowell and William P. Stone of Boston treasurer.

MAYOR COUGHLIN

Seeks the Nomination for Governor

FALL RIVER, Sept. 27.—Mayor John T. Coughlin, who agreed yesterday if he were after the democratic nomination for governor, made this statement: "I meant just what I said when I declared my purpose a month ago to be a candidate. My name will be presented before the state convention, regardless of reports to the contrary, by persons who seek to create the impression that I secretly allowed the use of my name for the purpose of driving another candidate from the field. I wish to inform my friends and the delegates who believe in my candidacy that I will remain in the field until the convention registers its verdict."

STRUCK BY AUTO

Man is in a Serious Condition

BOSTON, September 27. As a result of being knocked down by an automobile owned and operated by Harry B. Burley of 588 Newton street, Brookline, on Centre street, opposite Sheridan street, Jamaica Plain, last evening, Matthew J. Doran, 70 years old, single, and living with his sister, Mrs. Michael W. Fitzsimmons of 18 Sheridan street, has been taken to a hospital with a dislocation of the left foot, probable fracture of ribs of the right side, contusions of the head and severe shock.

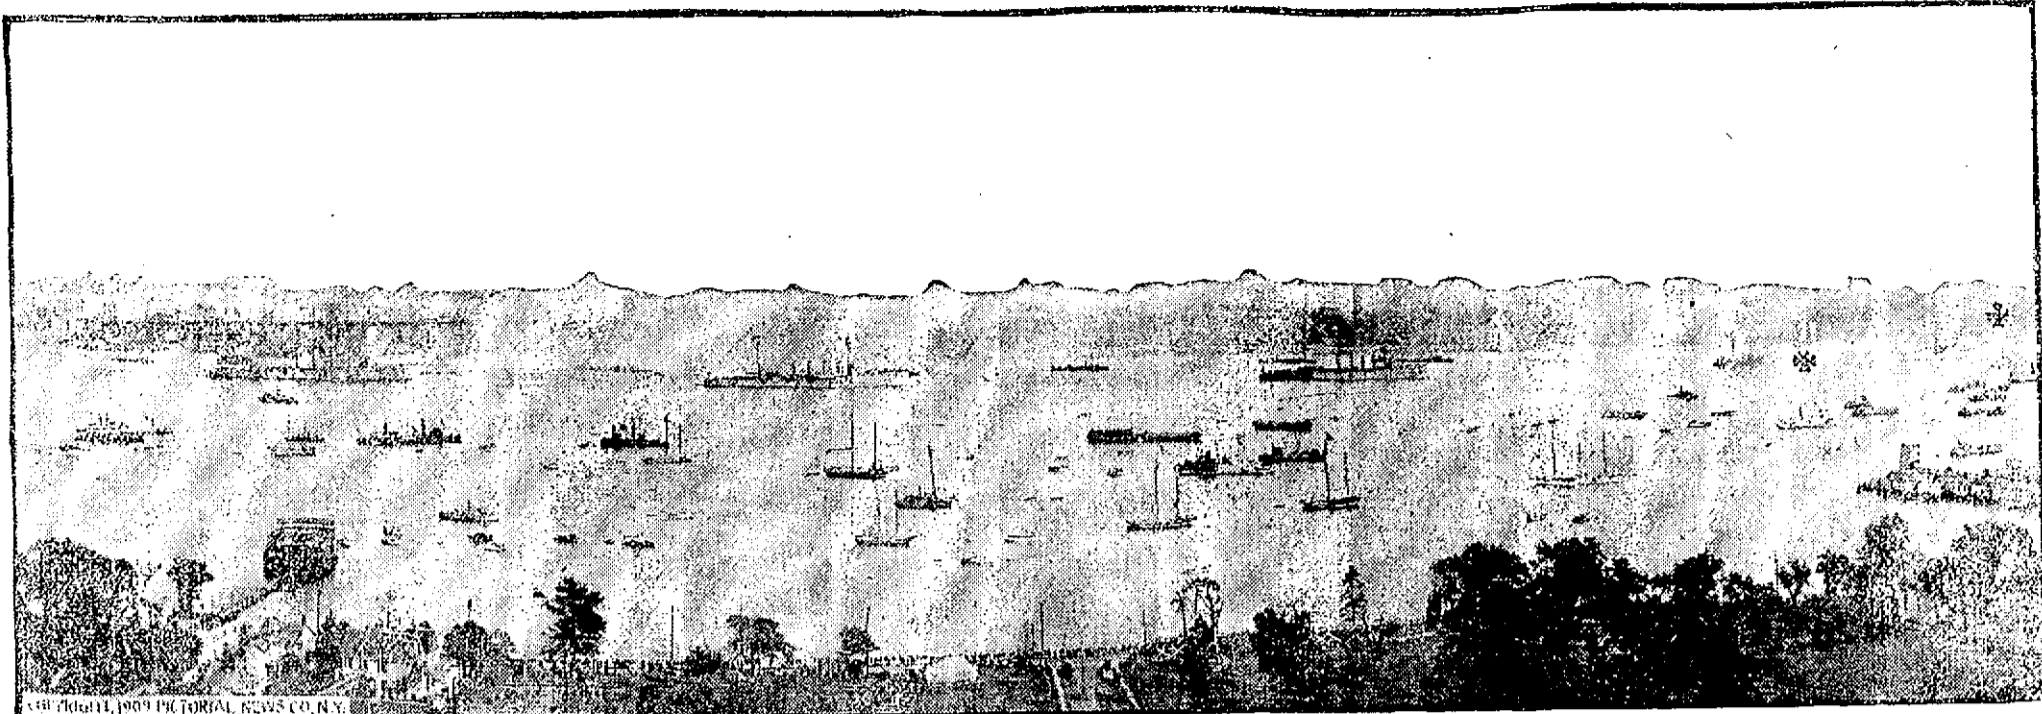

Mr. Burley was operating his automobile, numbered 13023, and was proceeding along Centre street, Jamaica Plain, and was about to make the turn into Perkins street when the accident happened. Mr. Doran had but a few minutes before left his home on Sheridan street to attend the men's mission being held at the Church of the Blessed Sacrament on Centre street. He was proceeding on the crosswalk to the north side of Centre street and had almost reached the sidewalk when the automobile struck him, threw him down and dragged him a short distance.

DUTCH STEAMER

Expected to be Total Loss

JACKSONVILLE, Fla., Sept. 27.—With the seas still running so high that it has been impossible for tugs to get lines to her, the Dutch steamer Zeeburg lies helpless on the south jetty at the entrance of the St. John's river, 25 miles from this city, while Captain Von Rassen and his crew of 25 men are laboring with the pumps, trying to save a portion of her cargo of fertilizer materials. The ship probably will be a total loss.

SCENE OF GREAT NAVAL PARADE AT HUDSON-FULTON CELEBRATION IN NEW YORK: THE HALF MOON AND CLERMONT RECEIVED BY COMMITTEE IN PRESENCE OF FLEET

NEW YORK, Sept. 27.—The naval display at the reception of the Half Moon and Clermont, which sailed from the water front of New York, along the Hudson from New York bay, with the Half Moon and Clermont near the head of the line, such a salute was heard on the planet. It was the royal greeting of twenty-one guns, boomed successively from each war vessel in the long line, American, English, German, French, Mexican, South American, or what not, these guns roared in unison in honor of the discoverer of the Hudson river and the inventor of the steamboat. It is estimated that there were 1400 cannons in all. It was 10 o'clock on the morning of Saturday, Sept. 25, when the procession began to form along the Jersey and Staten Island shores, 1.15 when it started its slow and stately way up the river and 4 o'clock in the afternoon before it had reached the end of the battleship line at the northern end of Manhattan Island and doubled back as far as One Hundred and Tenth street. Here the ceremonies were simple, but impressive, the thunder of guns equalling a score of sea battles massed into one. The weather was ideal. Clear, cool and pleasant, it could not have been more nearly perfect if made to order. In addition to the 4,000,000 or 5,000,000 of New York's population, it is believed that fully a million visitors were present, and all these lined the shores of the noble river, making a solid mass of human humanity extending almost from the battery to Spuyten Duyvil, a distance of approximately fifteen miles.

BIG DEMONSTRATION

Manchester's Welcome to Capt. Edward O'Meagher Condon

MANCHESTER, Eng., Sept. 27.—Six thousand people packed Free Trade hall yesterday to welcome Capt. Edward O'Meagher Condon, whose entrance led to a demonstration lasting several minutes. Thousands were on adjoining streets unable to gain admission.

John O'Callaghan and John Dillon accompanied Mr. Condon and also spoke, receiving enthusiastic greetings. Alderman Boyle presided. An interesting feature was the meeting of Mr. Condon and Chief Constable Peacock of Manchester, who warmly shook the old Fenian's hand. No such demonstration has been witnessed here for 26 years. The Irish population was wild with enthusiasm. Mr. Condon and his companions earlier in the day, in company with the local committee, visited the scene of the rescue 42 years ago in Hyde Park road. Mr. Condon, indicating the spot where the police van was held up. They open spaces through which Kelly and Deasy were hurried to freedom are now all built upon. Thousands of people awaited Mr. Condon's visit to the spot, and also in front of the assize court in which he, with Allen, Larkin and O'Brien, were sentenced to death, as well as at the police station in which they were confined and Toston cemetery, in which a splendid monument to the martyrs is erected. Bellevue prison, to which Kelly and Deasy were being taken when they were rescued, and the new Bailey prison, where Allen, Larkin and O'Brien were executed, have been demolished, a railroad storehouse now standing on the latter site. Mr. Condon visited both before the public meeting. In thanking the committee for its exertions he aroused wild enthusiasm on expressing the hope that they will take steps to secure the remains of the martyrs and have them interred in consecrated ground. The committee accepted the duty. Mr. Condon will speak tonight in Glasgow, and in Liverpool Tuesday, then returning to Ireland, where the freedom of every nationalist city has been voted him. With the bands playing "God Save Ireland" and a torchlight procession.

fully 50,000 people welcomed Mr. Condon to the city last evening. He was accompanied by Mr. Dillon and several other members of parliament and Mr. O'Callaghan. The party was cheered almost continuously along the two-mile route of the parade from Exchange station to the hotel. The massed thousands were addressed briefly during numerous stops by Messrs. Condon, O'Callaghan, Dillon and Councillor Boyle, the chairman of the local committee of arrangements. It was a tremendous demonstration marking an intense outburst of popular feeling on the part of the Irish of Manchester.

The police authorities provided an escort of 200 men to keep the route of the parade clear and all car traffic was stopped during the demonstration. Chairman Boyle had joyously called the attention of the police chief to the fact that Capt. Condon had been provided with a police escort when he left Manchester the last time and that it was only fair a similar honor should mark his return.

ARMY OFFICERS In a Three Days' Ride Test

BURLINGTON, Vt., Sept. 27.—A score of army officers attached to the department of the east from stations in New York and New England participated today in the first of a three days test ride. Col. Walter Howe, commander of the Narragansett artillery district with headquarters at Fort Adams is in charge of the tests. Ninety miles will be covered during the three days. As in today's ride the test, tomorrow will consume six hours while on Wednesday the men will be mounted during seven hours. A physical examination of each officer is made at the start and finish of each day's test.

HAVERHILL PASTOR RESIGNS

HAVERHILL, Sept. 27.—Rev. David Crosby, pastor of the Calvary Baptist church in this city, has resigned his pastorate in order that he may accept a call to become pastor of the Olney Street Baptist church of Providence, R. I. The resignation will take effect on Oct. 1. Rev. Mr. Crosby is a graduate of a local seminary and Virginia Union university. He has been here for four years.

TOOK LONG TIME For the Government to Settle \$3.65 Debt

FORT COLLINS, Colo., Sept. 27.—Forty-four years have elapsed since Fred C. Berg, a private in company A of the 25th regiment, Wisconsin, Volunteer infantry, was discharged from military service by reason of the close of the civil war, and it has taken the auditor of the treasury department at Washington all that time to find out that the government still owed Berg \$3.65. The other day he received a treasury draft for that amount. The statement accompanying the draft shows that Uncle Sam short-changed Berg on pay day in October, 1862, and September, 1865, and owed him on clothing account a small sum, the total amounting to \$3.65. Berg will treasure this draft as a souvenir of Uncle Sam's backward way of doing business.

SHE FOUND \$8000 Girl Picked it up at Cistern

SHARON, N.Y., Sept. 27.—Reports from New Wilmington, the seat of Westminster college, tell of the finding of \$8000 on the farm formerly owned by Baxter Buchanan, wealthy bachelor, who died some months ago. The farm was recently sold. The daughter of William Buchanan, who now owns it, was playing around an abandoned cistern when she discovered the money. The amount was entirely in currency and lay at the bottom of the dry cistern. It is reported that during the financial panic of 1907 and 1908 Buchanan drew his deposit from the New Wilmington Savings Bank, and at the time of his death, which was sudden, no trace of the money could be found. The finding of the money is creating conjecture among the New Wilmington people as to who is entitled to it. Mr. Buchanan leaving no will and no immediate relatives.

AUTO WAS UPSET Excitement Caused in Police Circles

NEW YORK, Sept. 27.—A big automobile, which had been chartered by Admiral Von Koller of the German war fleet, collided with a street car early today and dumped out a number of sailors and women who had crowded into it. Although nobody was hurt so badly as to prevent running away, the accident assumed large importance in the police circles because the chauffeur when arrested insisted that he had the machine out under the admiral's orders.

A SLIGHT SHOCK Felt by the People of St. Louis

ST. LOUIS, Mo., Sept. 27.—Many people in the west end of St. Louis were awakened at 3:57 this morning by a slight earthquake. The shock which had a rotary motion, was hardly discernible in the downtown districts but was more distinct in the West End. Reports of the quake were received from all stations along the Mobile and Ohio as far south as Cairo, Ill. No damage has been reported from any point.

HAVERHILL PASTOR RESIGNS

HAVERHILL, Sept. 27.—Rev. David Crosby, pastor of the Calvary Baptist church in this city, has resigned his pastorate in order that he may accept a call to become pastor of the Olney Street Baptist church of Providence, R. I. The resignation will take effect on Oct. 1. Rev. Mr. Crosby is a graduate of a local seminary and Virginia Union university. He has been here for four years.

JEWELRY STOLEN

Burglars Got Away With \$7500 Worth of Gems

PROVIDENCE, Sept. 27.—The police of this city today made public the fact that two cottages at Long Meadow, outside of the city, were entered yesterday, the burglars escaping with \$7500 in cash and jewelry valued at \$7500. At the summer home of Fred B. Horton of this city all the jewelry was secured with \$400 in money. The remainder of the money was stolen from the summer cottage of Frank P. Marsh of this city. The burglars evidently were frightened away from the Marsh house by some noise before they had completed their work as there was considerable jewelry in the house which they did not touch.

LABOR TROUBLE BLOCKS TRAFFIC

At Butte, Montana, Has Heavily Loaded Wagon Been Settled

BUTTE, Mont., Sept. 27.—The labor troubles which threatened to tie up this camp, shut down the smelters in Anaconda and Great Falls and throw 15,000 out of work throughout the state, have been settled.

AWARD CONTRACT

For the New Auto Protective

The Knox Automobile Mfg. Co. has been awarded the contract to furnish the new auto protective wagon in Warren street. The contract was given out from the mayor's office this afternoon after a long conference between the mayor and the chief of the department of supplies. There were also present representatives of several other automobile firms.

PARIS ARRESTED

By Inspector Maher on Charge of Larceny

George Paris, who formerly resided at 255 Suffolk street, this city, was arrested today in Woburn by Inspector Martin Maher of the local police department on a warrant charging him with the larceny of an organ valued at about \$35 and a revolver, the property of John Cosatiates.

According to the story told by the complainant Paris stole the articles in this city, went to Haverhill, where, it is alleged, he sold them to a fellow-countryman and then went to Woburn where he secured work and has been living there ever since.

Paris is now occupying a cell in the police station and tomorrow morning will be arraigned in court on a complaint of larceny.

AXE SLIPPED

Man Lost Thumb and One Finger

James Mustang, aged 21 years, and living at 223 Fayette street, while at work at the Lowell Shoe company this morning, met with a painful accident. He was chopping leather when the axe slipped and cut off the thumb and index finger of his hand. He was taken to the Emergency hospital in Tyler street, where his fingers were dressed.

NINE STITCHES

REQUIRED TO CLOSE WOUND IN GIRL'S HAND

Nellie Dowd, aged 11 years, while playing with several companions yesterday afternoon at her home, 14 Union street, accidentally pushed her right hand through a pane of glass and suffered a laceration of the wrist which necessitated the taking of five stitches by the surgeons at the Emergency hospital, where she was taken shortly after the accident occurred.

CUT OVER HIS EYE

Edward Shauhin, aged 19 years, and living at 203 Fayette street, while at work at the factory of the Mission Safety Tread company in Perry street this morning was struck by a flying missile, causing a small cut over the eye. He was taken to the Emergency hospital where he received treatment.

RAN DOWN BUCK

PROVIDENCE, Sept. 27.—Three deer, two does and a buck, appeared on the track in front of an electric trolley of the New York, New Haven & Hartford railroad yesterday. Scrampan and before the motor-man could slow down the first car had struck and run over the buck.

CHICAGO FOOD

Germans Are in Fear of It

BERLIN, Sept. 27.—As the result of investigations in Hamburg, Bremen and Berlin, Rudolph Buttenberg, editor of the National Food Magazine of Chicago, who is now here en route for Vienna and Paris, says the German authorities have in the last few weeks been issuing certificates of inspection for Chicago packing house products. He attributes this action to the American press food law forbidding the use of chemical preservatives, one of the chief grounds for Germany's prohibition.

Germany is now beginning to learn the good effect of that law. Importers here, however, say that even should this prohibition prove a preliminary to the reopening of the German market to this branch of American trade, it will take a long time to dislodge the German mind of the fear of being poisoned by American food products, and the repugnance is especially strong in the army.

PRESIDENT TAFT

Is Walking With De-cided Limp

BUTTE, Sept. 27.—President Taft had a decided limp in his walk when he alighted from his special train here today. He sprained a tendon in his foot before leaving Beverly last, but suffered no further from it until yesterday when after ten days of constant work with little or no rest the foot became swollen. Dr. Richardson who accompanied the president, is treating the sprain of the tendon. The hurt is not serious but is causing discomfort. The president was met at the station by a band and a long line of automobiles. After speaking in the court house square he was taken to the famous old Leonard copper mine and, entering a cage with John Hays Hammond, was taken down a damp and darkness shaft to the 1200 level, where he saw the miners at work in the midst of drills and all the other paraphernalia of deep underground labor.

6TH REGIMENT

Rifle Teams Met at Wakefield Today

This morning at the Wakefield range the members of the rifle teams of the Sixth Massachusetts regiment met and took part in the annual regimental shoot. This event is of especial interest to Lowell on account of the fact that we have three companies of this regiment in our city, namely, Companies C, G and K, and then again the interest is great, because last year Co. K of this city won the prize. The Burns of Co. C, without doubt one of the best shots in the country, will be with the Lowell boys, and this fact in itself is enough to indicate that Lowell will at least have a look-in when the prizes are awarded.

Co. G, which has not in past years landed a high place, this year has made large improvement and should come in for the improvement prize unless some company springs a surprise which is unlikely for.

The rifle teams left Lowell in a special electric car for Wakefield shortly after 8 o'clock this morning, and should be back in the city before 6 o'clock.

TO SUSPEND BUSINESS

Tomorrow afternoon the various offices at city hall and also the city library will be closed in memory of the Hon. Charles D. Palmer.

RETURNED WITH HIS WIFE FROM MAINE

Mr. and Mrs. Harry Gonzales have returned from Maine, where they have been visiting the past two weeks. Both are natives of Maine. Harry claiming Ellsworth as his birthplace while Mrs. Gonzales was born in Brooklyn, Me. During their trip they visited both places and were royally received by their old time neighbors. They also took a run over to Bar Harbor and enjoyed themselves immensely. Harry arrived with his favorite fishing tackle, but some sport with the fishes and succeeded in landing a six and one-half pound salmon, the first he ever caught. He also went deep sea fishing and had his usual fine luck.

YOUTH HELD BLAMELESS

WORCESTER, Sept. 27.—William Nardie, the one-armed youth, who yesterday accidentally shot and killed a companion, Francis Roche, of Millbury at Sutton, was held a blameless in the Central district court here today.

GRAVESEND RACE

GRAVESEND, N. Y., Sept. 27.—First race, Sir John Johnson, 120, Grand, 7 to 5, 1 to 2, out first; Dupond 104, Barwell, 2 to 1, 5 to 10, 1 to 2, second; Harrison, 114, Dicks, 7 to 2, even, 1 to 2, third. Time, 1:10.

Second race, Sen. 106, Gilbert, 5 to 2, 4 to 5, out first; Helen Carroll 54, Glass, 3 to 1, 1 to 2, out second; Lord Baltimore, 177, Duran, 9 to 10, 1 to 2, out third. Time—1:08 4-5.

EXPLORER COOK 50 WERE INJURED

**Says That His Instruments Are It is Thought That Several Per-
Not Lost sons Are Dead**

NEW YORK, Sept. 27.—My instruments are not lost, I am sure of that, said Dr. Cook in a further interview with the Associated Press today. "I shall have them brought here. My Eskimos are at Etah and they know the value of the instruments although they do not understand how to use them. They have a kind of sacred regard for them and will take good care of them. If I had known what I know now I should not have left either records or instruments at Etah. Mr. Whitney told me and fully believed his ship was going to that place and he advised me to leave my things in his care to be brought to New York on board his ship where they would not be jolted so much as in a long sledge journey over the rough land ice to Upernivik. I did not think at any moment of having them forwarded on the Peary ship. If I had not met Mr. Whitney I should not have taken them on the sledge with me to Upernivik. As to the incident of the American flag which I had hoisted temporarily at the pole, and then brought back to Etah with me, I gave Mr. Whitney at his special request. He had it in his private view when he went on board the Roosevelt, but he was not, according to his own statement, permitted to bring it with him. He was compelled to take it out of the trunk and bury it. Asked what he thought of Peary's action Dr. Cook said:

"I prefer to wait. If Peary had been in need of anything in Etah he could have anything of mine. I gave Mr. Whitney instructions to turn over any of my things to Peary or any white man who required them and when he came away to give them to my Eskimos."

On the question of his equipment Dr. Cook was very emphatic that he possessed all that was necessary. The statement that the condition of his lungs would show whether he had been to the pole brought the reply:

"We used Eskimo seal-skin kamiks. When the first pair were worn out we gave them to the dogs to eat when we reached Jones sound and there made new ones. These also were worn out and we made others with which we returned to Etah. When we arrived there the boots were comparatively new. We built our own sledges at Anaktok. One of my sledges was given to Mr. Whitney."

When the subject of his relations with Peary was touched upon Dr. Cook said:

"I have never had any trouble with him. Peary and I cannot explain his attitude. I expect to meet him when he returns but whether I shall go to Etah or whether he will come to Etah, I cannot say. I am prepared to meet any charges he will formulate over his signature."

It was never had any trouble with him. Peary and I cannot explain his attitude. I expect to meet him when he returns but whether I shall go to Etah or whether he will come to Etah, I cannot say. I am prepared to meet any charges he will formulate over his signature."

RESCUED EIGHT MEN

OTTAWA, Ont., Sept. 27.—Captain Bartlett of the Jeannie wires the Canadian minister of marine from Indian Harbor via Cape Ray, Sept. 24th:

"Rescued eight men belonging Snowdrop, lost Prohiber last year. Delivered mail for Arctic of sixth at Clyde River."

(Signed) "F. W. Bartlett."

A message from Dr. Cook to the Ottawa Free Press in response to an inquiry as to the delivery of supplies for Dr. Cook by Captain Bernier in charge of the Canadian government steamer Arctic now cruising in the north indicates that Captain Bernier met with unfriendly treatment at the hands of Boatsman Murphy of Peary's crew. Dr. Cook wires from New York:

"Bernier brought supplies sent by Mrs. Cook. Left them at Etah in care of Harry Whitney on Aug. 20, 1908. Bernier asked for Esquimaux and dogs and was refused by Murphy. In Bernier's letter Beechy Island, Lancaster Sound, was given as his next winter station. See Whitney on Jeannie now at Battle Harbor, Lab."

(Signed) "Frederick A. Cook."

LAND PAGEANT NOT POISONED

To be Feature of The Medical Examiner Celebration Makes His Report

NEW YORK, Sept. 27.—After the breath-taking magnificence of the naval display and the night illuminations attending the opening of the Hudson-Fulton celebration the holiday throng that crowds New York today seemed not sorry to rest and prepare for a renewal of pageantry on land tomorrow.

About 2000 persons remained at the Battery during the morning and afternoon straining their eyes towards Governors Island, three-quarters of a mile distant, where Wilbur Wright and Glenn Curtiss are to launch their aeroplanes but Curtiss was out of town and Wright said he would not fly until late in the afternoon if at all.

Main in the afternoon suffered somewhat with the economics of dedicating Palisades park and the Hudson memorial at Spuyten Duyvel. The first of the celebration was indoors. It consisted of receptions and exhibitions appropriate to the memory of the two men for which the festival is named.

KILLED HIMSELF

While Aiming a Blow at Another

BUFFALO, Sept. 27.—Hugo Schuman, 31 years old, who has a summer home at Buffalo, was shot and killed yesterday with a .38 Smith & Wesson revolver by a fellow inmate of the Buffalo House of Correction, a man named Martin.

The shot of the blow released the inmate and he rushed to the door, where he was met by a guard who shot him through the chest. Martin was not seriously hurt.

MAKING REPAIRS

ON WALK AT EAST MERRIMACK ST. CANAL BRIDGE

The pathway over the canal bridge in East Merrimack street is going to be safe. Repairs on one side were finished some time ago, and today the Massachusetts company, with the aid of some employees from the Locks and Canal Co., started on the other side, and in a few days both walks will be in fine condition.

PORTSMOUTH, N. H., Sept. 27.—The members of the crew of the naval tug Neversink, who are being tried for court-martial here on the charge of abandoning her on the stocks at Portsmouth, Sept. 24, were today testified before the court that they were so severely punished that they were unable to stand on their feet. The court-martial is being held at the Portsmouth Naval Yard.

The court-martial is being held at the Portsmouth Naval Yard.

SIX INJURED DURING PANIC

JERSEY CITY, N. J., Sept. 27.—A panic among the 1000 pupils of St. Anthony's Polish parochial school at Montgomery and Sixth streets caused by the explosion of fireworks in the street nearby resulted today in the injury of fifteen children. Only one is believed to be fatally hurt. Many children with minor bruises were taken home but fifteen were sent to the hospital.

Reports that some of the Jersey City schools would be dynamited had been circulated for several days, and when Italians began to explode fireworks in the street in front of a church next door in celebration of a festival the children thought their school building was being blown up. They made a rush for doors but found them closed. In the scramble to escape many of the children were knocked down and trampled upon until the pressure forced the doors open. Then the frightened little ones ran among the exploding fireworks and some of them were burned thereby.

Then the frightened little ones ran among the exploding fireworks and some of them were burned thereby.

Reports that some of the Jersey City schools would be dynamited had been circulated for several days, and when Italians began to explode fireworks in the street in front of a church next door in celebration of a festival the children thought their school building was being blown up. They made a rush for doors but found them closed. In the scramble to escape many of the children were knocked down and trampled upon until the pressure forced the doors open. Then the frightened little ones ran among the exploding fireworks and some of them were burned thereby.

Reports that some of the Jersey City schools would be dynamited had been circulated for several days, and when Italians began to explode fireworks in the street in front of a church next door in celebration of a festival the children thought their school building was being blown

PAVING SKETCHES ON MERRIMACK STREET

SCHOOL CHILDREN GENL. HUBBARD AN EARTH SHOCK
To Hold Conference: Rocked the Houses in

Took Part in the Greeting to President Taft

BUTTE, Mont., Sept. 27.—When President Tait arrived in Butte this morning he was welcomed at the station by a big reception committee. Waiting motors took him and his party over the decorated line of parade and after his speech in North Montana street, opposite the court house, he was whisked away to his train and started on the journey to Helena, where he was to be welcomed by thousands of Montana citizens at the state fair grounds.

When the parade, headed by the president, reached the speaker's stand in this city former Sen. Mantle introduced the president to Mayor Nevin, who presented Mr. Taft to the throng. As in other cities, the school children formed a feature of the greeting to the president. The troubles between the Western Federation of Miners and the organized engineers in the mines raised a strong interest in the principal part of the parade. It was planned for Mr. Taft to spend some time in the mines and speakers here, but when the labor

THE MATHEWS

Will Take Part in Next Sunday's Parade

The regular meeting of the Mathew
Temperance Institute was held yester-
day, there being a good sized at-
tendance of members. President Jas.
J. Colburn presided, and the following
James M. Bourke, Wm. F. Doyle, J.
F. Neely, William H. Carey, E. J.
Slattery, James O'Sullivan, Wm. J.
Smith, John Tobin and President J.
Colburn.

AN OPAL RING with four brilliant stones, lost Sept. 25, on either N. Main st. or Federal ave. Return to Mrs. J. C. Perkins, 10 Delaware ave. and the reward.

DRAWERS IN and banders in ward 6 at 607½ Market and Main st. Davidson and Howe sts.

UNCRIMISHED ROOM wanted, respectfully, by a young man, 25 years of age, for a few days. He is a sober, healthy, law-abiding person, and has no other place to go. He is a native-born American, and has no other place to go. He is a native-born American, and has no other place to go.

PEAR HARBOR, Mo., Sept. 27.—Following the conference tonight between Gen. Thomas H. Hibbard, president of the Peary Arctic club, and Commander Robert E. Peary on the profits which Commander Peary has to support his position on the question, "Has Cook been to the pole?" no new

General Hurlburt, in his home of 100 N. Hubbard, where he will be a guest during his stay here. Gen. Hurlburt has thoroughly acquainted himself with the Peary proofs which he has under examination for several days, and as president of the Peary Arctic Club and Commander Peary's personal representative, he is preparing to outline a map of campaign and procedure in the controversy with Dr. Cook. While seemingly quietest, the friends of the command say they are preparing to establish Commander Peary's position in a manner that will be convincing to all.

Those who are desirous to consider the facts in the polar question, Gen. Hurlburt said he had no statement to make today.

WOMEN WORKERS

ALL OVER THE COUNTRY TO BE AROUSED

CHICAGO, Sept. 1.—Further legislation in the interests of women workers is the leading issue to be taken up at the second Womanist convention, the National Women's Trade union league, which opened its sessions here today.

PROBABLY DEAD

Miners were Imprisoned by a Cave-in

GOLDFIELD, Nev., Sept. 27.—The three miners who were imprisoned by a cave-in at the Combination mine are now believed to be dead. The rescue party broke into the shaft where the accident occurred last night and there found the body of Evan Reese, but could find no trace of W. J. Pertsch and M. C. Matt who were believed to have taken refuge in the Cross cut.

Reese's body was unmarked and it is said that he was suffocated by gas. It is believed that the imprisoned men are beneath tons of debris and may be weeks before their bodies are recovered. For 36 hours the rescue party worked on four hour shifts blasting through solid rock to reach the spot where Reese's body was found.

WORDY WARFARE

Relative to Descent Into
Crater

VICTORIA, B. C., Sept. 21.—A wordy warfare is being waged in the English newspapers in Japan similar to the Peary-Cook controversy in the United States when the steamer Empress of China sailed, with regard to the descent made last month into the crater of Mount Asama by Prof. Jay J. Rogers of Chicago. The professor telegraphed the particulars of the exploit to Yekohama newspapers telling of sensational experiences when lowered on a rope by four others into the crater. Dr. Cley McCauley of Boston, author and missionary, wrote "in the interest of truth," stating Prof. Rogers had greatly magnified the adventure and instead of being lowered into the crater he crawled down the rough steep leading into it. Since then friends of both have been busy and columns are being devoted to letters and photographs.

HUMAN BONES

Were Found by Workmen at Hingham

BOSTON, Sept. 27.—The skeletons of a number of persons were found Saturday at the new naval magazine being constructed at West Hingham by the government by workmen excavating on the side of a hill in the rear of the Hingham almshouse.

When the work on the hill began some bones were uncovered. Lieutenant-Commander Lattimer, U. S. N., in charge of the magazine property, and the contractor were sent for, and decided to work farther into the hill. Parts of skeletons were found, as well as several almost intact. They were found from three feet under ground. A shoe, pieces of cloth and pieces of wood, evidently parts of caskets or boxes, also were unearthed.

Work for a time ceased, and then the contractor and Lieutenant-Commander Lattimer decided to rebury the bones in nearly the same spot. Near the Hingham poor farm was an old tomb that had been in use for years and it is believed that when it was discontinued the bodies were buried in the spot discovered by the workmen.

CAPTAIN BUTT

Calls a Halt to Long Banquets

OGDEN, Utah, Sept. 27.—Captain Archibald Butt, military aide to the president, has called a halt on the long banquets for the president and with the dishes noted for the unpronounceability of their names.

The president, so far as known, did not object to what was to be had, but breakfast, luncheon and dinners, early from an hour and a half to two hours and a half in length, were taking too much time and Captain Butt wired Secretary Carpenter asking that he request committees making their eating occasions simple in menu and quick.

This request may bar the Creole dishes at New Orleans and possibly in Augusta.

"To settle a question that is agitating our leading citizens will you please wire whether the president prefers beef and cabbage rather than opium and tribits."

Captain Butt wired that he did—that

HE SHOT HIMSELF

Man Then Walked to
His Home

LEBANON, Pa., Sept. 27.—J. Shindel Krause, one of the best known business and secret society men in this city, shot himself through the left lung while handling a revolver in the office of his stove store.

Krause walked to his home, a half block from the store, and although stopped by his brothers, Frank H. Krause and several friends who noted his pallor, he concealed his condition from them and first disclosed it to his family. Doctors found that the illness had just missed the heart.

Mr. Krause is a past national American president and a member of the Grand Lodge of the American Masons. He is identified with almost every secret society in this city. He is a gambler, and for

quarter-century has been a power in local school matters. He is 64 years old, and has a wife and three children.

NIGHT EDITION

\$10,000 PRIZE

For Race of Balloons From New York to Albany

NEW YORK, Sept. 27.—Water yielded to air today as the most prominent element in the Hudson-Fulton celebration. The dazed eyes of New York and her million guests turned from her unrivaled naval display in the Hudson toward the blue sky patches above the tall buildings where before the day was over they hoped to see darting the bird-like machines of Wilbur Wright and Glenn H. Curtiss.

Lacking the aeroplane lights the holiday crowds still had plenty of attractions. Palisade park, stretching for fourteen miles along the Hudson north from Fort Lee opposite upper Manhattan and the tall shaft erected in memory of Henry Hudson on Spuyten Duyvel hill in the Bronx were dedicated today. The park dedication furnished the first chance New Jersey has had to participate in the general celebration for it occurred at Alpine Landing opposite Yonkers. Gov. Hughes of New York and Gov. Fort of New Jersey were the principal speakers.

The ceremony about the Hudson monument occurred early in the afternoon at the conclusion of the exercises at Alpine ferry. Gov. Hughes spoke here also. Other prominent speakers were Gen. Stewart L. Woodford, president of the Hudson-Fulton commission; Mayor McClellan and Archbishop Farley of New York. The American warships anchored in the Hudson near this point fired salutes and the Half Moon, which had sailed up the river from its station, dipped her flag in honor of the daring navigator that had piloted her original up the river for the first time.

Early in the day the movement for sightseers began toward the southern extremity of Manhattan. Governors island, low lying across the bay about three-quarters of a mile from the battery, was the goal of their vision. From the flats and acres recently made by fillings from the bottom of the sea the aeroplanes of Wright and Curtiss were expected to rise for their trips about the harbor and up the Hudson. It had been announced, however, that the flights would not be made today unless weather conditions were favorable and the stiff breeze from the west, which was the prospect for the aerial exhibit today far from encouraging. Wilbur Wright had promised, however, that he would try to get up toward evening if the conditions permitted. On the street thousands watched the towers of the Singer, the Times and the Brooklyn Eagle buildings and the tall abutments of the Brooklyn and Blackwells island bridges for the code flags that would tell whether or not the ships were likely to fly and at what time they should be looked for.

The adverse wind made it practically certain that the race of dirigible balloons from New York to Albany for the \$10,000 prize offered by a New York newspaper, would not start today. The probability of this flight also was related to the crowds on the street by a system of signal flags which the newspapers had been explaining for several days past. The aircraft of both Captains Thomas Baldwin and George L. Tomlinson were ready for the race as soon as the cars should be coupled to the bulging gas bags. Baldwin's balloon is made of gray silk and rubber. The car of bamboo, spruce and metal underneath is 60 feet long. The bag of Tomlinson's machine is bright yellow. In size and shape there is little difference between the two, Tomlinson's being slightly smaller, 57 feet long and from 16 to 14 feet in diameter. White Baldwin has the stronger motor, Tomlinson's machine is lighter and offers less resistance to the wind.

Students of history had their opportunity today when exhibitions bearing in some manner upon the days of Hudson and Fulton opened in 18 different places in the city. The American Museum of Natural History displayed a collection showing the life and labors of the Indians of the Hudson river valley and Manhattan island. At the Metropolitan museum of art, more than 130 works of old Dutch masters had been added to the collection of paintings. In the botanical garden, a plant that grew here when Hudson arrived was marked with the letter "H" and at the zoological garden the Hudson-Fulton flag drew attention to the animals indigenous to the Hudson river valley. The New York public library displayed prints and books relating to Hudson and Fulton. The aquarium at the battery, which has been visited by about 70,000 persons a day since the celebration began, called attention to the fish of the Hudson and its tributaries.

While the warships had no official part in today's program their officers by fillings from the bottom of the sea the aeroplanes of Wright and Curtiss were expected to rise for their trips about the harbor and up the Hudson. It had been announced, however, that the flights would not be made today unless weather conditions were favorable and the stiff breeze from the west, which was the prospect for the aerial exhibit today far from encouraging. Wilbur Wright had promised, however, that he would try to get up toward evening if the conditions permitted. On the street thousands watched the towers of the Singer, the Times and the Brooklyn Eagle buildings and the tall abutments of the Brooklyn and Blackwells island bridges for the code flags that would tell whether or not the ships were likely to fly and at what time they should be looked for.

TWELVE PERISHED IN CLOSE GAME

Doves Lost to Cubs by Score of 3 to 2

Vessel Wrecked and Only Six of Crew Saved

BALTIMORE, Sept. 27.—Six survivors out of a crew of 18 are aboard Winter Quarter lightship, the remaining twelve men having perished, according to a report made by Captain Delano of the steamer Porto Rico which arrived here today from New York.

Captain Delano stated that as the Porto Rico was passing Winter Quarter lightship yesterday morning a signal was seen flying from the lightship. A heavy northeast gale prevailed. He ordered his ship to run close to the light station, and when as near as consistent with safety, because of the nature of the weather, an attempt was made to communicate by megaphone. It was difficult work with the wind whistling about the superstructure of the ships but enough was learned by those on the Porto Rico for them to realize that a ship had foundered. An effort was made to learn the name of the vessel but the answer could not be made out.

The captain of the lightship said that there were six survivors from the ill-fated ship aboard his vessel and asked that they be taken off if possible. Captain Delano decided that it would be tempting death again to try to make the transfer under the weather conditions prevailing.

Those on the lightship were apparently satisfied to await better weather and another passing ship. Information was given that twelve persons had been drowned and no attempt was made to secure names.

Those on the Porto Rico said that they could see a small boat hanging to the rear of the lightship. It is believed that the men saved made their way to safety in this small boat. Whether the ship was lost in sight of the lightship or farther out to sea is not known but because of weather conditions it is not thought that the small boat which brought the survivors could have come any great distance.

CREW OF NORWEGIAN STEAMER

NEW YORK, Sept. 27.—The succored crew now on board the Winter Quarter school lightship is that of a Norwegian steamer which foundered nine miles east-northeast of the lightship at noon yesterday according to the officers of the steamer Chesapeake which arrived today from Baltimore. Signals from the lightship told the story of the disaster as the Chesapeake was passing but the name of the lost steamer could not be read. According to the signals eight of the crew were lost and several taken on board the lightship.

DOG KILLED HENS

Vicious Animal Left 22 Dead in Howard St. Coop

A hen coop at the corner of Howard and Tanner streets belonging to James Palm was entered by an unknown dog some time yesterday afternoon and after the canine had left the place there were 22 dead hens strewn about the coop.

Mr. Palm notified the police and Acting Superintendent Brosnan and Inspector Goodwin visited the premises but failed to find any trace of the animal or its owner. It is expected, however, that the dog and its owner will be located in the course of a few days. This is the first depredation of the kind reported from that locality. It will probably be traced to some ferocious dog that has been hungry for some time.

THE ROOSEVELT

Is Expected to Reach New York Wednesday

PORTLAND, Me., Sept. 27.—Commander Peary accompanied by Mrs. Peary left Portland today for Bar Harbor to confer with General Hubbard regarding the papers Peary left with him and a forthcoming statement on the question, "Has Cook been at the pole?" Commander Peary was brought to Portland from his Eagle Island summer home on his private launch and had lunch with friends in this city.

Peary said that he would remain at Bar Harbor through tomorrow and expected that he would not be positive that he would stop off at Early Island for another day or two before starting for New York to take place on the bridge of the Roosevelt in the Hudson-Fulton parade there Saturday. The Roosevelt is expected to reach New York on Wednesday.

Peary refused to make any statement about Dr. Cook's box of data and instruments left in charge of Harry Whitney at Etah.

THE FOOD FAIR RELIGIOUS WORK

Was Opened in Boston This Morning

BOSTON, Sept. 27.—Boston's annual food fair extended also to include a house furnishing exposition, was opened in Mechanics building today with more than 100 exhibitors. Beside the strictly commercial attractions the fair program extending over a month includes hand concerts, plantation singers, an old fashioned circus and vaudeville sketches.

JURY DISMISSED

In the Famous "Steel" Cases

BOSTON, Sept. 27.—The nearly completed jury of ten men chosen last week to try the famous steel cases was today dismissed by Judge Harris in the superior court. The dismissal resulted from the fact that a new venire had been drawn to fill the remaining places. Judge Harris ruled that two men drawn from the new venire could not legally complete the jury. Much of last week was devoted to the selection of the jurors and during the last day court officers were forced to scour the streets for takersmen, the original venire having been exhausted.

TO BE DEPORTED

Men Were Caught as Steamer Docked

NEW YORK, Sept. 27.—Headquarters of the United States Customs and took off three young men from London for the larceny of \$130 from a silk house. The others came over with him on the stolen money.

A cablegram from Supt. Ottaway of the London City police was received at headquarters here on Saturday night asking New York to look out for three men travelling under the names of O'Brien, Starns and Deakin. Two of these London police thought were identified with Frank Mitchell and Thomas Shine, wanted there. The London dispatch concluded: "Do not arrest but if possible locate and return to London for further investigation."

Detectives Cody, Leeson and Adams found the three men, arrested them and took them to Ellis Island. There before a board of inquiry Starns admitted that he was Mitchell and confessed the theft.

The three were ordered deported.

PERSONALS

Mrs. Jacob Strauss of New York city is visiting Mr. and Mrs. Barney Goldberger of Howard street. Mrs. Strauss and Mrs. Goldberger are sisters and this is the first time they have met in 12 years.

Paul O. Kable has resigned his position with Louis Alexander, the Central street tailor.

OLD MEN ENTER

For Golf Tournament at Rye, N. Y.

NEW YORK, Sept. 27.—A remarkable list of "old men" from all over the United States have entered for the senior's fifth annual golf tournament at the Apawamis club, Rye, N. Y., next Wednesday and Thursday. Contestants, as previously, must be at least 55 years old in order to be eligible. Several of the 140 old entered are close to 80 and it is possible that total may be exceeded. It is improbable that so many men distinguished in business, society, the law, pulpits, medicine, the military and other walks of life ever before entered in an American sporting event.

While the majority of entrants are from within 75 miles of New York, there are about a dozen each from Boston, Philadelphia and scattered representatives from Fall River, Providence, Worcester and states as far distant as Texas. The affair which started as an experiment four years ago met with instant success, doubling yearly in importance. Last year the out-of-town contestants contributed to a bronze tablet which will be presented this week to the Apawamis club. Among the widely known men who will take up Wednesday are ex-Governor John W. Griggs of New Jersey; Frederick A. Chase of Providence; Spencer Gordon, Fall River; Robert J. Shaw, Boston; John J. Morgan, J. O'Brien, New York; Judge Henry Howland, of Yale; General Aldrich, Ames of Lowell; Alexander Morton of Newport, R. I., and R. H. Thomas, president of the New York stock exchange.

The Pawtucket Blues challenge Graniteville for a game next Saturday, Oct. 2. Game to be played in Graniteville.

"Sully."

LIQUOR FOUND

On Merrill Street and Taken by Police

A quantity of beer and liquor was seized at 7 Merrill street yesterday by Liquor Inspectors Atkinson and Palmer. A number of complaints of an illegal traffic going on in that vicinity had been made at the police station and yesterday the officers after making a search of the place found a quantity of bottled goods, beer and whiskey. The parties responsible will be summoned into court during the week to answer to the charge of illegal keeping of liquor. The beer, it was said, was held in for a social party.

THE CITY COUNCIL

Will Act on Ex-Mayor Palmer's Death

This evening at 7:30 o'clock there will be a special meeting of the board of aldermen and the common council. Both these meetings were called by the mayor to take appropriate action upon the death of the late ex-mayor, Charles D. Palmer.

The Water Board

There will be a special meeting of the water board this evening at 7:30 o'clock, at which time the question of further repairs at the Cook wells will be considered.

HUBERT LATHAM

Flew in an Aeroplane Across Berlin

BERLIN, Sept. 27.—Hubert Latham arrived here in an aeroplane today across Berlin and the outlying suburbs to Johannisthal where an aeroplane meet was in progress. He was sent away with cheers from a hundred thousand people. He rose lightly and after a preliminary circuit he attained the attitude of a glider and drove straight across the city on the run of 11 1/2 miles to his objective. A balloon anchored above the city served to give him his direction.

TUMOR OF FOUR YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

South Bend, Ind.—"Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me strong and well."

Woman, and I shall recommend it as long as I live."—Mrs. Mary Fay, Lindley Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—a tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

We never publish a testimonial without the special permission of the writer, and then only when we are sure it is genuine. Such testimony should create confidence in all suffering women.

TO BE DEPORTED

THE END OF THE WORLD POSTPONED.

The deluded people who awaited the millennium at Duxbury will have to return to their homes and resume their occupations in spite of the fact that they parted with much of their worldly goods in the firm belief that they had arrived at the gates of paradise. It is alleged that all this idea of the world coming to an end originated in a dream which a woman related as if it were a vision or a direct revelation from on high. The people who are swayed by such nonsense are the victims of hysterical and irresponsible religious crankies and it is difficult to say which is the more culpable, the originators of the delusion or their gullible followers who accept so readily the statement of their leaders as to the early coming of the millennium and the destruction of the universe.

THE GREAT NEW YORK CELEBRATION.

The Hudson-Fulton celebration, opened Saturday in New York, will be one of the grandest and most spectacular the world has ever seen. This is not at all strange for the reason that all the more modern applications of electricity, all the latest productions of human skill in battleships and in other steam navigation craft will appear in grand array. These will appear in striking contrast with the "Clermont," the first steamer that ever plowed the waters of the Hudson from New York to Albany. But in greater contrast still will appear the flying machines now making their experimental flights in the air just as the Clermont made a trial trip up the Hudson a hundred years ago. What progress the flying machines will have made a hundred years hence may be judged in a comparative way from the relative status of the Clermont of old and the Dreadnoughts and the Lusitanias of the present day. It may be that another century will find millions and millions yet unborn speeding through the air with the fleetness of the eagle and with as much security as is afforded on the steamship or the railroad train of today. Then it will not be Hudson or the Irish immigrant Fulton who will be honored, but the Wright brothers, Glen Curtiss and other pioneers in the navigation of the air.

The present celebration will be witnessed by more millions than was anything of the kind heretofore held in this country.

CAPTAIN CONDON'S VISIT TO IRELAND.

Captain Edward O'Meara Condon and Secretary O'Callaghan of the United Irish league are getting grand ovations in Ireland. Condon, it will be remembered, was sentenced to death in connection with the Manchester, England, rescue and would have been executed with Allen Larkin and O'Brien but for the fact that he was an American citizen. After eleven years' imprisonment he was let out on parole on condition that he would not return to Ireland during the term for which he was sentenced. Captain Condon was an architect by profession and after some years spent in this country he secured a position in connection with the treasury department. What is remarkable about his present visit to Ireland is, that he returns after 42 years' absence. As a Fenian he was an ardent and practical advocate of physical force as a means of redressing Ireland's wrongs. He goes back an equally strong advocate of constitutional methods. Wherever he has spoken in Ireland he has counselled the people to stand by the Irish party and its leader who have secured so much from the government for the amelioration of the people, for the improvement of conditions and the peace, happiness and prosperity of the country. He admits that at the present juncture anything in the nature of insurrection would be suicidal and would undo much of what has been accomplished since the days of Parnell. A messenger of peace and good will among all classes in Ireland he has been welcomed as warmly by the city of Belfast in the north as by the city of Cork in the south. His presence and his speeches, together with those of Mr. O'Callaghan still more stirring, have had a magical effect upon the people and it is a notable fact that not in their greatest burst of enthusiasm has there been the slightest disturbance or appearance of disorder.

THE RECALL A FAILURE.

Ex-Mayor Flanders of Haverhill is opposed to the recall provision of the charter and he pronounced it an utter failure. In his case it has certainly been a failure because he tried to secure the necessary number of names to his petition but failed. Had he succeeded in securing the required number of approved signatures he could have forced a special election by which the voters would have been asked to decide whether the present mayor or somebody else should fill the chair for the remainder of the term. If after a special election the same man were re-elected there would be just ground for branding it as a failure.

It is just as well, perhaps that Mr. Flanders was disappointed. If the people make a mistake it is well to let them suffer the consequences for at least a year. That will teach them to be more cautious in the choice of officials in the future. What is of more importance the recall provision is necessary in New England cities. It is a fact that some very grave mistakes are made and go on for years without correction.

But it would appear that the people of Haverhill are satisfied with their present mayor and that nobody is complaining except the defeated candidate. We know of no charter provision to compel the voters to elect a candidate whom they do not want. The "Recall" was not intended for that purpose.

Part of Mr. Flanders' objection is based on the fact that the new charter that shows many changes, so that if an election were held now the result would be decided not by the same electorate but by one considerably different. Many of the wards of last year have been dropped, others have moved to a different location so that it is a difficult matter to secure the prescribed number of signatures and at the same time comply with the law.

SEEN AND HEARD

When a policeman has made his first arrest, he reads the newspaper the next day with a great deal of interest.

Some men spend so much time making sure that they are right that they die before they have a chance to go ahead.

Perhaps the fat man would like the upper berth in the sleeping car just as well as the lower berth, if there were an elevator.

It is astonishing how difficult it is to lay flatery on too thick.

Some of the new waistcoat buttons in the back. Is this a scheme to persuade men to get married? Editor, please reply.

The bee has long been a symbol of industry. He certainly is busy, even if he isn't always busy.

The reason for the failure of the latest exposition has not been discovered. It had no woman commissioners and no board of lady managers.

Sometimes a girl gets almost as much pleasure in going to her rival's wedding as she would in going to her funeral.

The fellow who was looking hands with his best girl at 11 o'clock on Friday, the hour fixed by certain ones for the destruction of all things earthly, did not give a tinker's thought to the thing that day.

The people who keep harping on their neighbors' shortcomings will never get a finger on the harp in heaven.

The man who consults his wife before entering on an important undertaking pays her a just compliment even though he never follows her advice. Moreover, if he does think it is good, and follows it, and fails, he has somebody to blame his failure on.

When a chronically ingenuous man asks his friend to lend him a dollar, and it comes easy, he always thinks to himself, "Why didn't I ask for two?"

Big men have no reason to sneer at little men. If there were no little men, the big men would not be conspicuous.

THE NEIGHBORS

What difference does it really make whether rich or poor the neighbors are. Whether they wear their last year's clothes.

Or have a brand new motor car? If you can pay your honest debts, if people all think well of you, why shouldn't you be quite content. No matter what the neighbors do?

Don't watch the neighbors all the time.

But keep a sharp eye on yourself. Do as you think you ought to do. Lay scorn and envy on the shelf. Don't try to ape the wealthy ones.

To show that you are in their class, in short, be independent, and just let the neighbors go to graze! —Somerville Journal.

PEOPLE OF NOTE

Robert Lorraine has been engaged to appear for an indefinite time under the management of Charles Frohman and will appear first in the Comedy theatre in London in W. Somerset Maugham's play "Smith."

Mrs. Elsa Barker, author of "The Son of Mary Barker," the story of a modern Christ, just issued by Duffield & Co., was born in Vermont of American and English parents. At 14 she was a public school teacher in her native state. She has been a shorthand reporter of legal trials in New York city, a newspaper and magazine writer and an editor of publications, etc., in Washington and New York. About 1900 she began to publish poetry, and has since been a contributor of verse to nearly all the important American magazines. In 1901 she edited a volume of comparative mythology and folklore for "The Success Library," writing herself the department of Hindu mythology. During 1902 and 1903 she began to publish poetry, and has since been a contributor of verse to nearly all the important American magazines. In 1901 she edited a volume of comparative mythology and folklore for "The Success Library," writing herself the department of Hindu mythology. During 1902 and 1903 she began to publish poetry, and has since been a contributor of verse to nearly all the important American magazines.

entering the Catholic church. The idea for "The Son of Mary Barker" she tells us, flashed into her mind one evening while she was dining alone in a little Italian restaurant much frequented by writers and artists. Before that she had considered the writing of an epic for the most realistic form of this novel of a modern Jesus, who should pass through all the principal events of the Christ life in a modern environment.

Gen. Bernardo Reyes, who has been named to become a candidate for the presidency of Mexico, on the ground that his nomination would be "the cause of trouble," has long been looked upon as a man ambitious to succeed President Diaz as the next vice-president is likely to do. He is now the state of Nuevo Leon, of which Monterrey is the capital, and has been Mexican secretary of war, resigning the latter office in December, 1907, because of differences with Diaz. Gen. Reyes is about 55 years old. Of sentimental and poetic temperament, he is popular, especially with the soldiers of the army, whose welfare he has advanced in many ways.

Chancellor Day announced in chapel at the opening of the fall term at Syracuse university the gift of \$50,000 from Mrs. Russell Sage. Chancellor Day said that the money would be used to start an endowment day fund for the teachers' college.

Stuart Rolson, the 17-year-old son of the late comedian, is going to follow in his father's footsteps and go on to the law. He is now appearing with Sydney Drew in "Hiss" at the Dally theatre, New York, and it is likely his last appearance before the footlights will be in that company.

Mrs. Emma Garrett Boyd of Atlanta, Ga., has been active in getting signatures to the petition from the women of Georgia to the legislature, demanding better education for the children of the state. More than 5000 names have been secured to the petition, and the leading workers will move with it into the hall of the house of representatives. The signs also demand that the children of Georgia be relieved from work in the factories. The petition has the solid support of the Daughters of the American Revolution, the Woman's Christian Temperance union and every other body of representative Georgia women.

Mrs. Essie Laythe Scofield of Minnesota has completed a course of lectures for teachers in northern Minnesota. She was appointed by the state superintendent of public instruction for Minnesota to visit these schools and talk to them on "Temperance Science, Why and How?" Mrs. Scofield is the president of the Minnesota Woman's Christian Temperance union.

LOWELL OPERA HOUSE

The White-Side-Singer company, the best repertoire organization of the season will be at the Lowell Opera House four days beginning tonight. The opening play, "The Sister's Sin," is an American comedy drama of New England, a story in which tender sentiment, intensely dramatic situations and comedy are harmoniously blended. The comedies between the acts is said to be very strong. The famous "Johnson Sisters," America's foremost singers and dancers, "The Musical Lockwoods," high class musical artists, playing a variety of brass, reed and novelty instruments. "The Illustrated Songs," Mrs. Madeleine Crockett, the native comedienne, "Moving Pictures," changed nightly, Burdette Brothers, the greatest of all comedy acrobats. "Miss Marie Le Clair in character songs and Mr. Will H. Strauss, that funny fellow. Ladies' tickets will be used tonight only.

"THE TRAVELING SALESMAN"

"The Traveling Salesman" continues to make things lively and hot. Blake and his merry assistants are making of this James Forbes comedy the most successful of the entire season. The comedy of this play is one of the most delicious character, and never before in the history of the stage has there been a dramatic contrivance which includes so many laughs as does "The Traveling Salesman." So good does it depict the life of the traveling man, that it was the endorsement and commendation of the United Commercial Travelers of America and the Travelers Protective association. The cast which Henry D. Harris has selected is composed of none but actors of established reputation, and the performance here at the

Do You Suffer from Piles or Hemorrhoids?

Hemorrhoids, commonly called Piles, cause untold agony to the victim. If neglected the condition always grows worse with every attack until the only recourse is an operation. You may think that you are predisposed to piles, and that nothing you can do will prevent them, but this is not true. The one certain cause of Piles is constipation, and if you will keep your bowels open and regular by taking Smith's Pile and Hemorrhoid Pills you will not only avoid this painful and dangerous disease, but your whole general health will greatly improve.

A torpid, inactive liver goes hand in hand with constipation. Smith's Pile and Hemorrhoid Pills are composed of the two great vegetable agents, pineapple for the stomach, liver and gastric secretions, and butternut for the mucous membrane, circulation and bowels, and always give best results—they are Nature's own laxative. Physicians advise and recommend. They form no habit. You should always keep them on hand. These Little Vegetable Pills will ward off many ills.

To Cure Constipation Bilioussness and Sick Headache in a Night, use

SMITH'S PINEAPPLE AND BUTTERNUT PILLS

QUIRK'S OLD GUARD 5c CIGARS

Opera House next Friday and Saturday, Oct. 1 and 2, will leave nothing to be desired. If the success attained by this play in New York, Boston and Chicago the past season is any criterion, crowded houses should be the rule during the engagement in this city.

"THE GAY HUSSARS"

Speaking of "The Gay Hussars," Mr. Henry W. Savage's production of the big military opera which will be seen here at Opera House Monday, October 1, the New York American had this to say: "The Gay Hussars" is a musical hit—a great big Broadway success. In producing this opera, Mr. Henry W. Savage has added another high class production to the numerous musical pieces which have gained him fame as manager."

ROSE STAHL

The chorus girls' dressing room which forms the third act scene of "The Gay Hussars," coming to the Opera House, is an exact duplicate of the dressing-room at the New Amsterdam theatre, New York, and in some towns where the dressing rooms are not well equipped the scene is utilized by the chorus women for "making-up," as its facilities are vastly superior to those in many playhouses.

STAR THEATRE

Vanderbilt was presented at the Star theatre this afternoon in conjunction with the big regular show consisting of talking pictures, motion pictures and illustrated songs. Mlle. Eugene Tesler, Lowell's celebrated blind singer, also opened a permanent engagement in the theatre this afternoon. Moving pictures are shown every Monday, Wednesday and Friday, and on Thursday there is new vaudeville, a new talking picture and new illustrated songs.

A southerly over six chairs and a table is being done by Rhodes and Adams, who present a funny act.

ACADEMY OF MUSIC

"Where the crowd goes" that is the place for all. When it comes to moving pictures and vaudeville, the crowd is to be found daily at the Academy of Music, which has become famous by the extent and superior quality of its daily program. Heading the vaudeville bill for the first three days of this week are Howe and Edwards, in their funny ability. "The Arrival of Mr. Goodbody," another clever team, is Deans and Carline and their trick dog Prince. Claudia Bessette is heard in new illustrated songs. Among the moving pictures to be seen is that of President Taft in Chicago and at the baseball game.

HATHAWAY THEATRE

All theatre-goers know that the Hathaway vaudeville shows are good, but even the most enthusiastic admirer of the house will be surprised by the exceptionally high quality of the performance that opens the week today. At the head of the banner program are the celebrated Piano Four, in an act of broad question, the musical hit of the season, "The Four corners of the world," Lotta Rurell, Frances Ellison, and Charles Clear, all names that are known and honored in the vaudeville world. Chick Sales offers an unusually original and amusing specialty, entitled, "The Little School." John T. Ray and Fred Rice have an act of the real Broadway kind, "My Friend From Home," and their reputation as entertainers leaves no room for doubt as to the quality with which it is interpreted. A great sketch is "On Stoney Ground," presented by Miss Lottie Williams and a fine supporting company. The Ladies are great favorites with variety audiences, and their latest musical act, with its enjoyable singing and dancing, is sure of hearty appreciation during the week. Tony-turvy fun-makers are Rosalie and Dorotea, whose grotesque acrobatic comedy would bring cheer to the most bereaved heart that was ever bereft. Will and Edith Hart can a lively duo who sing and dance. They are well-equipped vocalists and there is a grace and light-hearted style to their dancing that invariably captures audiences. The moving pictures for the week comprise the latest films and the subjects are very interesting.

Nothing would at a storeman's, first on getting Quinn's, and note the difference, so big.

THEATRE VOYONS

"Today the Theatre Voyons is to show for the first time in Lowell Father's Day. 'The Power of Nerve.' This picture is a production not only of the biggest motion picture factory in the world but it is staged and acted by the very best talent to be found there on the motion picture stage or the legitimate stage. M. Henri Kraus of the Theatre Sam Bernhardt plays the leading male role and the supporting cast is fully as capable. In addition to this feature picture there will be a good variety of picture comedies and scenic subjects that will make up an exceptionally good program.

LECTURE COURSE

Arranged by Holy Name Society

Next Tuesday evening there will be a very important meeting of the members of St. Patrick's Holy Name society. At this meeting the committee appointed at the last regular meeting of the society will report. The committee on fall and winter lectures will also report on the interesting program they have a series of lectures, and it is understood that among those who have accepted invitations to lecture during the winter are the following: Rev. John J. Gannon, S. J., president of Boston college; Rev. Thomas E. Murphy, S. J., president of Holy Cross college; Hon. Michael J. Murray, mayor of the Municipal court of Boston and many others.

The regular monthly business meeting of the Holy Name society of St. Patrick's church will be held next Tuesday evening at 7:30 p. m. in the school hall. Business of considerable importance will come before the meeting and it is expected that a large number of members will be present.

The committee formed at the last meeting to conduct a membership drive, will submit a complete report and propose something new in the line of membership contest. Various other committees will report and all have planned a busy fall and winter season. That will surely interest the members in both the spiritual and social lines.

MEMORIAL DAY

To be Observed by the Y. M. C. I.

The members of the Young Men's Catholic Institute of Belvidere met yesterday morning in regular session.

President William King in the chair. The invitation to attend the laying of the corner stone of the Sacred Heart school was accepted.

A membership contest will be started within a short time, then a turkey supper will be given to the 25 members who bring in the most new members. A boxing tournament for members is being arranged and some good games are expected. Prizes will be given the winning teams.

The regular weekly meetings of the society will be held on Tuesday evening at 8 o'clock instead of on Sunday, beginning in October and continuing through the winter. The first of a series of ladies' nights will be held on Oct. 7, when there will be a musical program and dancing.

The society is making arrangements for its annual memorial day, which comes on Sunday, Nov. 1, and a committee has already been appointed to take charge of this affair.

MATRIMONIAL

Mr. Charles Arthur Donault and Mrs. Delia Ayotte, nee Riberly, were married yesterday afternoon at St.

Joseph's rectory, where the ceremony was performed by Rev. Fr. Amyot, O. M. I. The witnesses were Mr. Medard Donault, the bridegroom's father, and Mr. Hermengilde Bourgeois, a reception to the relatives only was held at the bridegroom's home, 1120 Tenth street. Mr. and Mrs. Donault later departing on an extended trip to Quebec, Montreal, Joliette and other Canadian points.

ARCAND-GAGNE

Mr. Wilfred Arcand of Franklin, N. H., and Miss Albertine Gagne were married yesterday afternoon at St. Joseph's rectory by Rev. Fr. Amyot, O. M. I. The bridegroom was attended by his father, Mr. Michel Arcand of this city, and the bride by Mr. Honore Couture. A reception was held at the home of the bridegroom's father in Allen street. Mr. and Mrs. Arcand will leave today on a wedding journey, at the conclusion of which they will go to Franklin to reside.

HARRY WHITNEY

Says Peary Forced Him to Leave Cook's Records Behind

NEW YORK, Sept. 27.—Commander Robert E. Peary refused absolutely to allow any of the records or instruments of Dr. Frederick A. Cook to be brought aboard the steamer Roosevelt and was thus instrumental in causing these records to remain in a cache at Etah, Greenland, according to Harry Whitney, the New Haven sportsman, in a despatch received in this city by Dr. Cook yesterday. The message which came as a response to one sent by Dr. Cook, is as follows:

"Strathcona, via Indian Harbor and Cape Ray, N. F., Sept. 25.
"Dr. Frederick A. Cook,
"Waldorf, New York.

"Started for home on Roosevelt. Nothing arrived for me. Peary would allow nothing belonging to you on board, said to leave everything in cache in Etah.

"Get Captain Sam, North Star. Did not go back after going ashore on board St. Johns. Take steamer home. Hope you well. See you soon. Explain all. Good shooting.

"Harry Whitney."
Dr. Cook was questioned yesterday as to his view of the situation created by the action ascribed to Commander Peary, but he declined to say anything derogatory of his rival.

"It may be that the instruments will arrive this year after all," he said, "and as for the records and observations their non-arrival here makes no difference whatever, as I have complete duplicates, so that there will be no delay in compiling my story with all its details."

Dr. Cook did not appear to be greatly perturbed by the news he received from Mr. Whitney. He hopes to see him in a very short time and to hear a complete explanation of the occurrences at Etah.

Dr. Cook denied the report that he was to bring suit for slander against Peary.

"I shall wait," continued Dr. Cook. "I think that Mr. Whitney knew what he had in his possession. It would be very difficult for me to say what effects the occurrence will have. The absence of the records and instruments will, however, not affect the ultimate result of a particle. But it would be very desirable to have the instruments here, that is certain.

"Mr. Whitney certainly knew that the effects left with him were important. He was compelled to tell Mr. Peary that he had my things with him. He is too honest to suppress such information.

"I had not spoken to Mr. Whitney of any estrangement between Mr. Peary and myself. He had believed that a ship would come for him from the American side and the things would go along with it.

"The leaving of the instruments may cause delay in sending any records to Copenhagen, but will not affect the people who are to make the final investigation.

"There were a few originals among the documents left with Mr. Whitney, but it will not make any difference if they are never found again. Mr. Whitney really does not know what there is or what there is not among them.

"The instruments are not lost. The Eskimos know where they are. They will be looked after. Mr. Whitney has sent no word except that they were at Etah.

"As to the question of proof, that is the same, whether the observations are made by one person or by five or more. I am sure Peary had no means of getting any news of me since the middle of April, but he knew that I had gone south.

"My instruments were packed separately in several boxes and these were put into a packing case. They could not be injured by falls or rough handling.

"Regarding the possibility that a man could go within two or three hundred miles of the pole and think he had got there, I leave that to the scientists.

"When Mr. Whitney met me on my arrival at Etah, the first thing he said was, 'Well, I have been here in a lucky year!'

"It is impossible to send anyone to Etah to fetch the instruments and records at this time of the year, as navigation is closed and if it were open a ship would take four or five weeks to get there.

"Mr. Whitney has said all he needs to say on the subject of my expedition. The remark that has been made that I copied Peary's sledges is nonsensical. He hitherto used the exact prototype of the Eskimo sledge. I never copied anything. I have not seen him for over two years, so I could not have copied his ideas.

"I have entered into no arrangement to meet Mr. Peary at any time."

IMPORTER TAYLOR

65 CENTRAL ST.

not produce shoes, sledges or other equipment which will show the wear and tear that comes from travel over the Arctic ice. This is the first intimation of any specific evidence that the commander will produce although he has said from time to time that he has evidence enough to discredit Dr. Cook.

The Roosevelt arrived unexpectedly yesterday at Etah, Greenland, according to Harry Whitney, the New Haven sportsman, in a despatch received in this city by Dr. Cook yesterday.

The Roosevelt left Etah last night. Commander Peary will go to Bar Harbor today for a conference with General Thomas H. Hubbard, president of the Peary Arctic club. He will remain there until Tuesday night, possibly later and it is there that he will probably issue the formal statement attacking Cook.

Although all lands on board the Roosevelt were instructed not to talk about the Cook controversy, Mat Henson, the negro cook, who was with Peary in his final dash north, said that he had talked with every Eskimo who went up with Cook and knew every one of them but was not at liberty to reveal what he had learned. Henson said, however, that Cook had practically no experience when he went north, that he knew nothing about building sledges, and was absolutely inexperienced in driving Eskimo dogs. Henson said that he was of the opinion that Cook could not even harness a dog properly.

ports that he had entertained any ill-feeling because Peary took Henson on the last dash and left him behind. "I had no idea of going to the pole," says Bartlett in a signed statement issued last night. "I went up there to help the commander in every way I could according to his orders, but it is an absolute lie to say that I felt bad about not going to the pole."

There is considerable doubt about the Roosevelt taking part in any naval parade during the Hudson-Etah celebration. All that Commander Peary would say concerning this was: "If the Roosevelt is in the parade I will be on the bridge."

BETTING BARRED

At the Nashua Race Track

MANCHESTER, N. H., Sept. 27.—County Solicitor Time E. Roosevelt has written to Atty-Gen. Edwin G. Eastman saying he will use all the power of his office to prevent betting at the Nashua race track. Races are to be held there three days, beginning Tuesday.

He told the attorney-general that he has notified all persons connected with

400 DELEGATES

Independent Companions of Forest Organized

WORCESTER, Sept. 27.—Four hundred delegates representing 50 circles met here last night and formed an organization known as the Independent Companions of the Forest. Of the circles represented, 23 were seceding members of the Companions of the Forest of America, the Ladies' Auxiliary of the Foresters. The new organization is the result of the troubles arising over the deposition as chief of the Massachusetts branch of Miss Josephine L. Mahoney of Boston at the national convention in Atlantic City last month. Pending another meeting to be held in Boston soon, at which a complete board of officers will be elected, Miss Margaret C. Lysaght of Mittenage is elected secretary and William P. Shaw of Boston treasurer.

MAYOR COUGHLIN

Seeks the Nomination for Governor

FALL RIVER, Sept. 27.—Mayor John T. Coughlin, when asked yesterday if he were after the gubernatorial nomination for governor, made this statement: "I meant just what I said when I declared my purpose a month ago to be a candidate. My name will be presented before the state convention, regardless of reports to the contrary, by persons who seek to create the impression that I simply allowed the use of my name for the purpose of driving another candidate from the field. I wish to inform my friends and the delegates who believe in my candidacy that I will remain in the fight until the convention registers its verdict."

STRUCK BY AUTO

Man is in a Serious Condition

BOSTON, September 27.—As a result of being knocked down by an automobile owned and operated by Harry B. Burley of 586 Newton street, Brookline, on Centre street, opposite Sheridan street, Jamaica Plain, last evening, Matthew J. Doran, 70 years old, single, and living with his sister, Mrs. Michael W. Fitzsimmons of 16 Sheridan street, lies in the city hospital with a dislocation of the left foot, probable fracture of ribs of the right side, contusions of the head and severe shock.

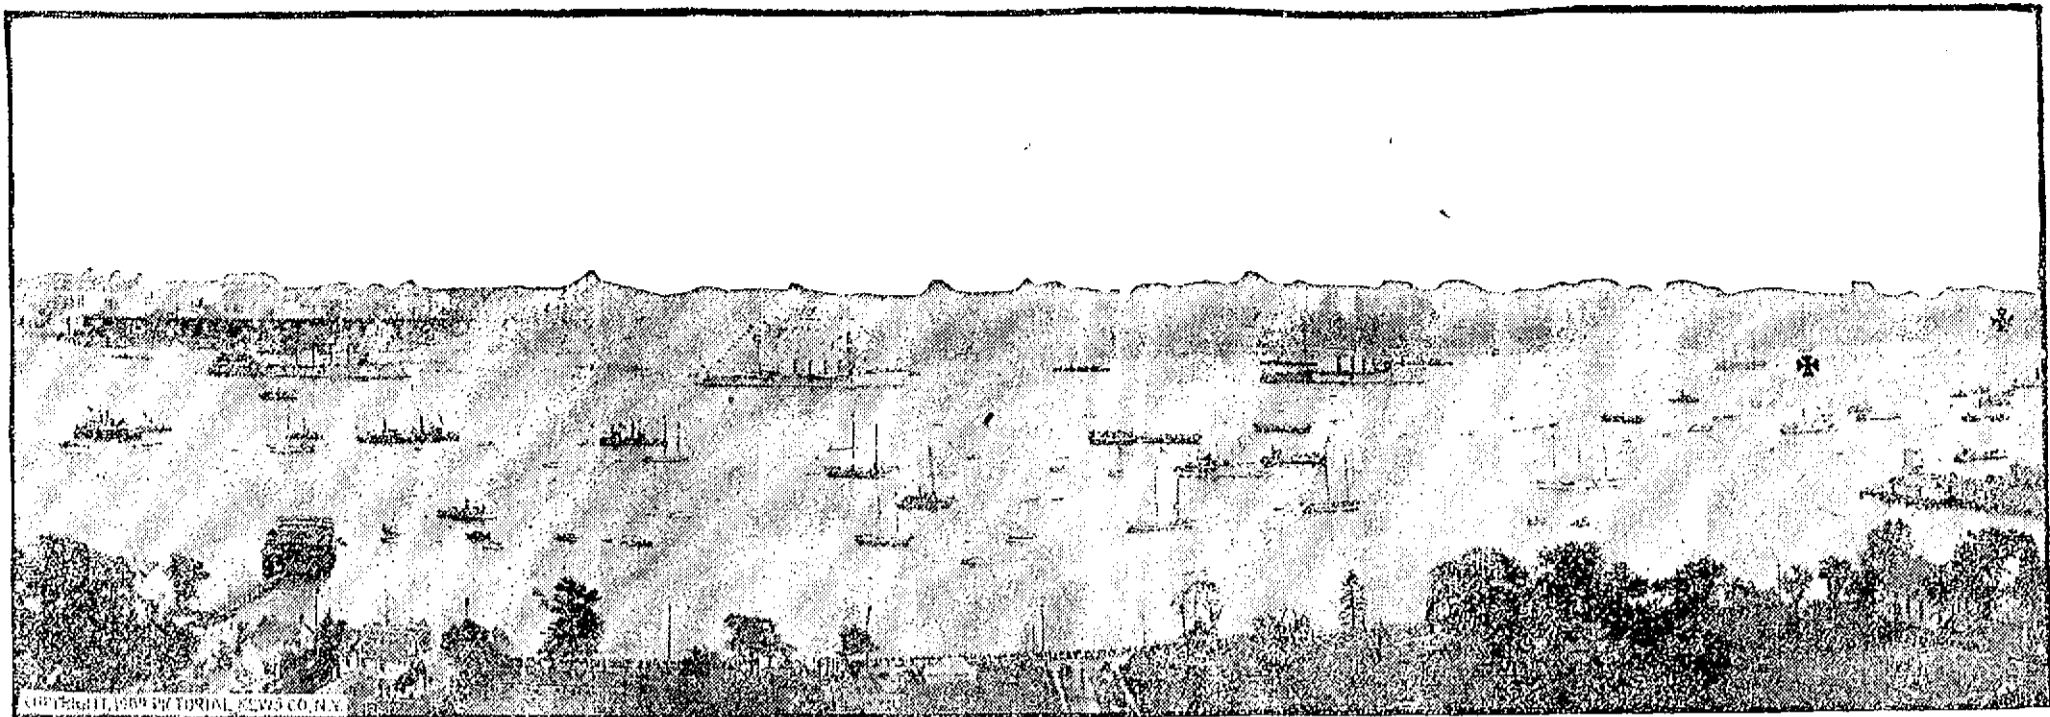

Mr. Burley was operating his automobile, numbered 19,232, and was proceeding along Centre street, Jamaica Plain, and was about to make the turn into Perkins street when the accident happened. Mr. Doran had but a few minutes before left his home on Sheridan street to attend the men's meeting being held at the Church of the Blessed Sacrament on Centre street. He was proceeding on the crosswalk to the north side of Centre street and had almost reached the sidewalk when the automobile struck him, threw him down and dragged him a short distance.

DUTCH STEAMER

Expected to be Total Loss

JACKSONVILLE, Fla., Sept. 27.—With the seas still running so high that it has been impossible for tugs to get lines to her, the Dutch steamer Zeeburg lies helpless on the south jetty at the entrance of the St. John's river, 25 miles from this city, while Captain Von Rassen and his crew of 28 men are laboring with the pumps, trying to save a portion of her cargo of fertilizer materials. The ship probably will be a total loss.

SCENE OF GREAT NAVAL PARADE AT HUDSON-FULTON CELEBRATION IN NEW YORK; THE HALF MOON AND CLERMONT RECEIVED BY COMMITTEE IN PRESENCE OF FLEET

NEW YORK, Sept. 27.—The arrival of them forming an escort in a giant display at the reception of Henry Hudson's reproduced Half Moon and Robert Fulton's mimic Clermont has water front of New York the head of the line pausing at One Hundred and Tenth street, where the official reception took place. Here Gov. Hughes, the mayor and city officials of New York, the officers of the Hudson-Fulton commission and the representatives of Holland were stationed to accept the replicas of the two quaint old ships in whose honor the celebration is held. As the procession passed up the Hudson from New York bay, with the Half Moon and Clermont near the head of the line, such a salute was roared out as has probably never been heard on the planet. It was the royal greeting of twenty-one guns, boomed

successively from each war vessel in the long line. American, English, German, French, Mexican, South American, or what not, these guns roared in unison in honor of the discoverer of the Hudson river and the inventor of the steamboat. It is estimated that there were 1400 cannons in all. It was 10 o'clock on the morning of Saturday, Sept. 25, when the procession began

to form along the Jersey and Staten Island shores, 115 when it started its slow and stately way up the river and 4 o'clock in the afternoon before it had reached the end of the battleship line at the northern end of Manhattan Island and doubled back as far as One Hundred and Tenth street. Here the ceremonies were simple, but impressive, the thunder of guns equalling a

score of sea battles massed into one. The weather was ideal. Clear, cool and pleasant. It could not have been more nearly perfect. It made to order in addition to the 4,000,000 or 5,000,000 of New York's population, it is believed that fully a million visitors were present, and all these lined the shores of the noble river, making a solid mass of humanity extending almost from the battery to Spuyten Duyvil, a distance of approximately fifteen miles.

BIG DEMONSTRATION

Manchester's Welcome to Capt.

Edward O'Meagher Condon

MANCHESTER, Eng., Sept. 27.—Six thousand people packed Free Trade hall yesterday to welcome Capt. Edward O'Meagher Condon, whose entrance led to a demonstration lasting several minutes. Thousands were on adjoining streets unable to gain admission.

John O'Donoghue and John Dillon accompanied Mr. Condon and also spoke, receiving enthusiastic greetings. Alderman Boyle presided.

An interesting feature was the meeting of Mr. Condon and Chief Constable Pencock of Manchester, who warmly shook the old Fenian's hand.

No such demonstration has been witnessed here for 20 years. The Irish population was wild with enthusiasm.

Mr. Condon and his companions earlier in the day, in company with the local committee, visited the scene of the rescue 12 years ago in Hyde Park road. Mr. Condon indicating the spot where the prison van was held up. The open spaces through which Kelly and

Deasy were hurried to freedom are now all built upon.

Thousands of people awaited Mr. Condon's visit to the spot, and also in front of the assize court in which he, with Allen, Larkin and O'Brien, were sentenced to death, as well as at the police station in which they were confined and Toulson cemetery, in which a splendid monument to the martyrs is erected.

Believe prison, to which Kelly and Deasy were being taken when they were rescued, and the new Bailey prison, where Allen, Larkin and O'Brien were executed, have been demolished, a railroad storehouse now standing on the latter site. Mr. Condon visited both before the public meeting. In thanking the committee for its exertions he expressed the hope that they will take steps to secure the remains of the martyrs and have them interred in consecrated ground. The committee accepted the duty.

Mr. Condon will speak tonight in Glasgow, and in Liverpool Tuesday, then returning to Ireland, where the freedom of every nationalist city has been voted him.

With the bands playing "God Save Ireland" and a torchlight procession,

fully 50,000 people welcomed Mr. Condon to the city last evening. He was accompanied by Mr. Dillon and several other members of parliament and Mr. O'Donoghue. The party was cheered almost continuously along the two-mile route of the parade from Exchange station to the hotel.

The massed thousands were addressed briefly during numerous stops by Messrs. Condon, O'Donoghue, Dillon and Councillor Boyle, the chairman of the local committee of arrangements. It was a tremendous demonstration marking an intense outburst of popular feeling on the part of the Irish of Manchester.

The police authorities provided an escort of 200 men to keep the route of the parade clear and all car traffic was stopped during the demonstration. Chairman Boyle had loudly called the attention of the police chief to the fact that Capt. Condon had been provided with a police escort when he left Manchester the last time and that it was only fair a similar honor should mark his return.

TOOK LONG TIME

For the Government to Settle \$3.65 Debt

FORT COLLINS, Colo., Sept. 27.—Forty-four years have elapsed since Fred C. Berg, a private in company A of the 25th regiment, Wisconsin, Volunteer infantry, was discharged from military service by reason of the close of the civil war, and it has taken the auditor of the treasury department at Washington all that time to find out that the government still owed Berg \$3.65. The other day he received a treasury draft for that amount.

The statement accompanying the draft shows that Uncle Sam short-changed Berg on pay day in October, 1862, and September, 1863, and owed him on clothing account a small sum, the total amounting to \$3.65. Berg will treasure this draft as a souvenir of Uncle Sam's backward way of doing business.

SHE FOUND \$8000

Girl Picked it up at Cistern

SHARON, Pa., Sept. 27.—Reports from New Wilmington, the seat of Westminster college, tell of the finding of \$8000 on the farm formerly owned by Baxter Buchanan, wealthy bachelor, who died some months ago. The farm was recently sold. The daughter of William Auld, who now owns it, was playing around an abandoned cistern when she discovered the money.

AUTO WAS UPSET

Excitement Caused in Police Circles

NEW YORK, Sept. 27.—A big automobile, which had been chartered by Admiral Von Koller of the German war fleet, rolled with a street car early today and dumped out a number of sailors and women who had crowded into it. Although nobody was hurt so badly as to prevent running away, the accident assumed large importance in the police circles because the chauffeur when arrested insisted that he had the machine out under the admiral's orders and "that international complications" would follow if he were held. He declared that the car carried several officers from the German fleet. The admiral was not in the car.

ARMY OFFICERS

In a Three Days' Ride Test

BURLINGTON, Vt., Sept. 27.—A score of army officers attached to the department of the east from stations in New York and New England participated today in the first of a three days test ride. Col. Walter Howe, commander of the Narragansett artillery district with headquarters at Fort Adams is in charge of the tests. Ninety miles will be covered during the three days. As in today's ride the test tomorrow will consume six hours while on Wednesday the men will be mounted during seven hours. A physical examination of each officer is made at the start and finish of each day's test.

HAVERHILL, Mass., Sept. 27.—Rev. David Crosby, pastor of the Calvary Baptist church in this city, has resigned his pastorate in order that he may accept a call to become pastor of the Olney Street Baptist church of Providence, R. I. The resignation will take effect on Oct. 1. Rev. Mr. Crosby is a graduate of a local university and Virginia Union university. He has been here for four years.

A SLIGHT SHOCK

Felt by the People of St. Louis

ST. LOUIS, Mo., Sept. 27.—Many people in the west end of St. Louis were awakened at 3:30 this morning by a slight earthquake. The shock which had a rotary motion, was hardly discernible in the downtown districts but was more distinct in the West End.

Reports of the quake were received from all stations along the Mobile and Ohio as far south as Cairo, Ill. No damage has been reported from any point.

THE HALF MOON PRESENTED
TO HUDSON-FULTON COMMITTEE

NEW YORK, Sept. 17.—When the children were under the covers, a

Hall Moore, the duplicate of Hudson's famous ship, was turned over to the Hudson-Eidson celebration committee by the delegation from the Norwegian-American community. The ship's first passenger of the odd little craft fully manned, Lieutenant Lars of the Dutch frigate Doris, imprisoned Dutch prisoners of war. Dutch soldiers of the 18th century, the Dutch of the 19th century, and the Dutch of the 20th century were all on board. The ship was christened by the Norwegian-American community. The ship was christened by the Norwegian-American community. The ship was christened by the Norwegian-American community.
